Semitisch und indogermanisch Hermann Möller,1906 **Papers from the VIth International Conference on Historical Linguistics, Poznań, 22-26 August 1983** Jacek Fisiak,1985-01-01 This volume presents a selection of papers from the 6th International Conference on Historical Linguistics ICHL which was held in 1983 in Poznań Poland Semitic and Indo-European Saul Levin,1995-01-01 This volume presents the key examples of morphological correspondences between Indo European and Semitic languages afforded by nouns verbal roots pronouns prepositions and numerals Its focus is on shared morphology embodied in the cognate vocabulary The facts that are brought out in this volume do not fit comfortably within either the Indo Europeanists or the Semitists conception of the prehistoric development of their languages Nonetheless they are so fundamental that many would take them for evidence of a single original source Proto Nostratic In this book however it is considered unsettled whether proto IE and proto Semitic had a common forerunner But the IE Semitic combinations testify at least to prehistoric language communities in truly intimate contact **A Phonological Study of the Indo-European Laryngeals** Allan R.
