Sender And Sent A Study In Mission A Study In Mission:

Sender and Sent: a Study in Mission Leslie Davison, 1969 The Missions of Jesus and the Disciples According to the Fourth Gospel Andreas J. Köstenberger, 1998 In this exegetical study of the Gospel of John Andreas Kostenberger strives to discover and articulate a throroughtly biblical theology of mission which would have contemporary implications for how the church responds to Christ's mandate Introduction to the Sociology of Missions Robert L. Montgomery, 1999-11-30 While much work has been done to apply anthropological insights to the study of missions the sociological perspective has been generally neglected by missiologists This volume defines the sociology of missions as a discrete subdiscipline within the sociology of religion and provides a working set of conceptual resources for those involved in mission work to use in furthering their understanding of their task The author reviews the major areas of sociology that are most relevant to missions and presents his findings as a basis for discussion and a stimulus to further exploration of relevant sociological concepts and theories One of his main goals is to increase dialogue between missiologists and sociologists of religion by providing the former with a sociological perspective and the latter with a deeper understanding of the missionary enterprise

Missions and You! Larry Caldwell, Missions and You is a concise yet comprehensive missions book in which the author draws principles from nearly three decades of experience in training missionaries in the Asian context He surveys the current state of world missions gives an overview of missions in the Bible and builds a case for the equal importance of senders and sent ones The practical insights and discussion questions in each chapter help readers decide how to become part of what God is doing in today s world Bishop Efraim Tendero D D National Director Philippine Council of Evangelical Churches

What Is the Mission of the Church? Kevin DeYoung, Greg Gilbert, 2011-09-08 Social justice and mission are hot topics today there s a wonderful resurgence of motivated Christians passionate about spreading the gospel and caring for the needs of others But in our zeal to get sharing and serving many are unclear on gospel and mission Yes we are called to spend ourselves for the sake of others but what is the church's unique priority as it engages the world DeYoung and Gilbert write to help Christians articulate and live out their views on the mission of the church in ways that are theologically faithful exegetically careful and personally sustainable Looking at the Bible's teaching on evangelism social justice and shalom they explore the what why and how of the church's mission From defining mission to examining key passages on social justice and their application to setting our efforts in the context of God's rule DeYoung and Gilbert bring a wise studied perspective to the missional conversation Readers in all spheres of ministry will grow in their understanding of the mission of the church and gain a renewed sense of urgency for Jesus call to preach the Word and make disciples

Swartley, 2006 One would think that peace a term that occurs evangelism and life witness as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley's Covenant of Peace remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message Covenant of Peace confronts readers anew with the compelling New Testament witness to peace Advanced Missiology Kenneth Nehrbass, 2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on

missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez **Herald of Gospel Liberty** Beautiful upon the Mountains Mary H. Schertz, Ivan Friesen, 2008-04-01 These essays by biblical scholars show that friction in the church between evangelism and peace activism is neither helpful nor biblical mission and peace are inseparable throughout the biblical canon Those who seek God's reign are called to proclaim the gospel of peace Study Bible Holman Bible Publishers, 2012-09-01 The KJV Study Bible honors the beauty and majesty of the KJV in a full color Study with thousands of notes as well as over 250 additional helps to enhance your study Engage with God's Word with features and tools designed to help you better understand the Bible FEATURES 15 000 study notes 141 photos 62 timelines 59 maps 16 illustrations and reconstructions and 15 charts A 40 page concordance 20 articles and essays A helpful glossary of seventeenth century expressions relative to the KJV s signature phrasing A two column Bible text setting with center column cross references The words of Jesus in red A one and three year Bible reading plan The King James Study Bible features the authorized version of the King James translation KJV The KJV is one of the bestselling translations of all time and captures the beauty and majesty of God's Word for those who love the rich heritage and reverent language of this rendering of the Holy Bible Whether you re looking for a Christian devotional Bible a great resource for your Bible studies or a study Bible for women men or students KJV Bibles by Holman help you deepen your relationship with God Woman's Home Missions of the Methodist Episcopal Church, 1920 The Routledge Companion to Modern Christian Thought Chad Meister, James Beilby, 2013-10-28 This Companion provides an unrivalled view of the field of modern Christian thought from the Enlightenment to the twentieth century and beyond Written by an outstanding team of theologians and philosophers of religion it covers the following topics within Christian thought Key figures and influencers Central events and movements Major theological issues and key approaches to Christian Theology Recent topics and trends in Christian thought Each entry is clear and accessible making the book the ideal resource for students of Christian thought and history and philosophy of religion and a valuable reference for professional theologians and philosophers **Sharing Your Faith and Serving** Others: Junior High Group Study Kara Powell, 2011-05-17 Effectively encourage your insecure junior high students to know who they are and where they fit to grow from bashful to bold Sharing Your Faith and Serving Others Uncommon Junior High Group Study has everything leaders need to inspire reluctant younger teens and give them the tools they need to feel armed dangerous and overflowing with love for God and neighbor Students will learn about the Great Commission the Great

Christianity and Migration Peter C. Phan,Oxford Editor,2025-10-07 This book essays a not the Christian theology of migration The phenomenon of human migration that is the movement of people to and settlement temporary or permanent in a new area or country its causes and reasons and its historical anthropological social political legal and cultural dimensions have been widely studied and reasonably well understood and the next chapter will discuss them in detail By contrast theology as an academic discipline seems least capable of illuminating this human phenomenon It appears to most people outside the church and its educational institutions to be at best an esoteric subject and at worst a convoluted and useless mumbo jumbo especially when liberally sprinkled with Greek and Latin phrases Why not leave the study of migration to scholars in history sociology anthropology economics politics and law who albeit no less infected with highfalutin language than theologians do at least try to offer practical policies and effective strategies either for or against immigration Provided by publisher The Epworth Era ,1924 Missions Howard Benjamin Grose,1927
