Marek Jan Chodakiewicz

Sentinel Russia And The Commonwealth Of Independent States:

India's Sentinel: Select Writings of Air Commodore Jasjit Singh AVSM, VrC, VM (Retd) Dr Manpreet Sethi, Dr Shalini Chawla, 2014-07-15 Air Commodore Jasjit Singh was one of India's foremost strategic analysts. The only constant for him in over three decades of research analyses and writing was the centrality of national interest. Indeed, the man never let the nation down, whether as an air warrior or a strategist, ever ready to voice his views irrespective of how the wind was blowing and always remaining practical in approach. Ever an optimist, he believed that India would inevitably rise to power by the sheer size of its economy and human resource potential. A greater concern for him, however, was the need to sensitize his compatriots to the national security challenges that would arise as the country rose and to equip them with the capability to optimally address these. He did so through his writings and talks. This book is a modest compilation of his select writings on two specific issues: nuclear strategy and Pakistan, since he considered these as critical amongst India's many security challenges. Of course, the range of Jasjit Singh's writings and the expanse of his knowledge is immense and beyond capture in one book. But this is a small effort in the direction of spreading his message/ideas to the current and future generation of scholars and policy makers. Hopefully, it will encourage students of national security to look for more of his writings beyond the few that we have been able to carry in this volume. *Sentinel* Jane's Information Group Staff, 1996-09-01 *Jane's Sentinel Security Assessment*, 2003

Intermarium Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation; its culture and institutions hence its domestic politics and foreign policy. That is the case in the Intermarium, the land between the Baltic and Black Seas in Eastern Europe. The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures. Marek Jan Chodakiewicz focuses on the Intermarium for several reasons. Most importantly, because as the inheritor of the freedom and rights stemming from the legacy of the Polish-Lithuanian-Ruthenian Commonwealth, it is culturally and ideologically compatible with American national interests. It is also a gateway to both East and West. Since the Intermarium is the most stable part of the post-Soviet area, Chodakiewicz argues that the United States should focus on solidifying its influence there. The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world. As such, the area can act as a springboard to addressing the rest of the successor states, including those in the Caucasus, Central Asia, and the Russian Federation. Intermarium has operated successfully for several centuries. It is the most inclusive political concept within the framework of the Commonwealth. By reintroducing the concept of the Intermarium into intellectual discourse, the author highlights the autonomous and independent nature of the area. This is a brilliant and innovative addition to European Studies and World Culture. *Opening Pandora's Box: Ethnicity and Central Asian Militaries*, **Jane's sentinel security assessment** Alex Vatanka, 2004 Jane's Sentinel Security Assessments combine expert analysis of the latest events and trends in political security and military affairs with a detailed breakdown of global

Fergusson, 2011-01-01 Since the mid 1950s successive Canadian governments have grappled with the issue of Canada's role in US ballistic missile defence programs Until Paul Martin's government finally said no policy makers responded to US initiatives with fear and uncertainty as they endlessly debated the implications at home and abroad of participation However whether this is the end of the story remains to be seen Drawing on previously classified government documents and interviews with senior officials James Fergusson examines Canada's policy deliberations during five major US initiatives He reveals that a combination of factors such as weak leadership and a tendency to place uncertain and ill defined notions of international peace and security before national defence resulted in indecision on what role Canada would play in ballistic missile defence In effect policy makers have failed to transform debates about the issue into an opportunity to define Canada's strategic interests at home and on the world stage Canada and Ballistic Missile Defense is the first comprehensive account of Canada's response and indecision regarding US ballistic missile defence initiatives and the implications of this inaction **PAIS International in Print** Catherine Korvin, 2003-05 This book contains bibliographic references with abstracts and subject headings to public and social policy literature and to world politics published in print and electronic formats international focus *Alpha Bravo Delta Guide to*
