Myers, Emily,Heckert, Jessica,2025-07-22 Women work across multiple nodes in agricultural value chains though their participation in value chains varies within and across contexts and their contributions are often underrecognized Malapit et al 2020 Quisumbing et al 2021 Addressing issues such as weak economic growth climate change and hunger will require strengthening agricultural value chains though doing so without a gender sensitive lens may exacerbate existing gender inequalities within them Rubin as such the results presented in this study reflect perceptions of different components of SMA that had been only partially implemented prior to data collection **Servant Leadership** Dirk van Dierendonck,Kathleen Patterson,2010-10-13 Servant leadership may be the answer to the current demand for a more ethical people centred leadership where humility servitude and contribution are key elements The purpose of this book is to provide an overview of current thinking and empirical research of the determinants underlying processes and consequences of servant leadership

Empowering Hispanic Leaders Victor H. Cuartas,2009 The estimated Hispanic population of the United States was 45 5 million in 2007 making people of Hispanic origin the nation s largest ethnic or race minority Hispanics constitute 15 percent of the nation s total population The Latino population in the United States will triple in size and according to the Census projections Hispanics will make up 29 percent of the United States population by 2050 This book offers suggestions for training Hispanic leaders who will be involved in ministry in various regions of the United States The findings of this

research project produced information understanding and direction that can contribute to the imperative efforts to train emerging leaders for Hispanic groups everywhere The principles revealed in this study of Hispanic leadership training will prove effective in empowering leaders of other groups in the United States and other countries *Leadership Peruvian Style* Tim McIntosh, 2012-01-03 Leadership across cultural borders is the new frontier in leadership studies Increased globalization means leaders are dealing with a variety of cultures in and out of their own countries Leaders must be experts in understanding what cultural dimensions mean for being effective outside their own comfort zone Americans in particular are often ill equipped to understand the cultural complexities for international leadership In *Leadership Peruvian Style* author Tim McIntosh addresses how Peruvians define and practice leadership providing a model to assist the cross cultural worker in understanding leadership in both the home and host cultures McIntosh s findings are based in an empirical study conducted in 2008 that featured focus groups composed of Peruvian citizens The study results described in *Leadership Peruvian Style* are not only important for those working in Peru and other parts of Latin America but also give insight into how to analyze the leadership profile of a particular culture and in turn make adjustments in order to be more effective Through this analysis McIntosh who has spent twenty seven years in leadership in Peru has contributed to the raising up of a new generation of effective leaders in Latin America
