Miroslav Kaftan, Zdenka Strnadová

Longman Business English Usage:

Longman Business English Usage Peter Strutt, 1995 *Teaching Business English* Mark Ellis, Christine Johnson, 1994-05-19 Gives background to the business learner's world and strategies for approaching the training task focusing on the learner's professional knowledge and experience This book is suitable for teachers, trainers and course organizers in the field of Business English or considering a move into it *Garner's Modern English Usage* Bryan A. Garner, 2022 Garner's Modern English Usage is one of the most influential style guides ever written for the English language With more than a thousand new entries, 200 replacement entries and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing *A Concise Grammar of Business English* Victor Tița, *A Concise Grammar for Business English* with exercises gives concise explanations of all main areas of English grammar and provides a multitude of suggestive examples for you It revises some of the points of grammar that you will have already studied such as when to use the a, an or zero article and when to use the past simple or the present perfect but will also introduce you to many more features of English grammar appropriate to an intermediate level of study This book can be used in class with help from your teacher or at home as a self-study book If you are using the book by yourself, use the Table of Contents to find the area that you want to study, read the grammatical explanation and examples provided It is not necessary to work through the units in order If you know what grammar points you have difficulty with, go straight to the units that deal with them I hope that *A Concise Grammar for Business English* helps you to improve your English **Garner's Modern English Usage** Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2,300 word frequency ratios, the magisterial fourth edition of this book, now renamed Garner's Modern English Usage (GMEU), reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness, finesse and wit He discourages whatever is slovenly, pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing instruction on skillful, persuasive and vivid writing Garner liberates English from two extremes: both from the hidebound purists who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources No other resource provides as comprehensive, reliable and empirical a guide to current English usage For all concerned with writing and editing, GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing, punctuation or pronunciation No matter how knowledgeable you may already be, you're sure to learn from every single page of this book

Market Leader Peter Strutt,2000 **English oral practice for professional purposes** M^a Luz Arroyo Vázquez, Noa Talaván Zanón,2011-02-07 Manual concebido para las necesidades específicas del inglés oral con fines profesionales

Teach Business English Sylvie Donna,2000-07-27 This book provides a practical introduction to Business English for new and experienced teachers and deals with a range of issues from needs analysis and course planning to testing and evaluation

Business Education in Emerging Market Economies Ilan Alon, John R. McIntyre,2006-02-23 Business Education in Emerging Market Economies discusses the impact of business education on emerging markets and explores curricular innovation pedagogical approaches and strategic alliances in the context of industrializing economies Emerging markets contain 80% of the world's population and some 75% of its trade growth in the foreseeable future according to the U S Department of Commerce The potential economic growth of these emerging markets has prompted a need to understand their dynamics business institutions and educational systems Many American universities for example have responded to the demand of their students and business partners by educating them about the exciting opportunities and lurking threats in these industrializing economies This book contains multiple chapters designed to educate American students about the curricular innovations and course development occurring in emerging markets The Use of English in Institutional and Business Settings

Giuliana Garzone, Cornelia Ilie,2007 This book explores the intercultural problems related to the widespread use of English in written and oral communication by native and non native speakers in institutional and business settings Each chapter looks at a different set of issues emerging from the confrontation of cultures across national institutional and organizational discourse communities taking an intercultural or cross cultural approach The focus is on workplace settings both in institutional and business contexts e g politics public services media international corporate communication advertising business negotiations etc The theme is all the more interesting today not only in consideration of the sheer magnitude of this phenomenon and its capillary spread but above all on account of the pervasive penetration of English into professional and workplace contexts as a communication language also for local internal communication The complexity of intercultural communication as an object of research is reflected in the variety of the topics explored the range of settings investigated and the diversity of methodological approaches taken **Business School** Liam Francis Boyle,2010

Get down to Business English Geert Jacobs,2005 **Business English** Севостьянов А. П.,2019-03-04

What is the Matter with Communicative Competence? Reinhold Peterwagner,2005 This book integrates recent findings of linguistic research into ELT Its aim is to introduce future teachers to the complex concept of communicative competence to critically analyse learners teaching learning deficiencies in the light of the requirements they are expected to meet at the school leaving exams or at university entry to offer suggestions about how to remedy these shortcomings and also to provide teaching and testing materials

Modern Business English in Communication Miroslav Kaftan,Zdenka Strnadová,2004 *Intercultural and International Business Communications* Juan Carlos Palmer,Juan Carlos Palmer-Silveira,Miguel F. Ruiz-Garrido,Inmaculada Fortanet-Gómez,2006 This volume originates from the editors interest in one of the most relevant fields of research these days Intercultural and International Business Communication The needs of the business world to communicate effectively at an international level in order to overcome language differences have proved to be a fascinating topic for many scholars International business discourse is culturally situated and therefore context dependent and all three discourse culture and context play a key role in the communication process The present contributions analyse this topic under the perspective of theory research and teaching Different scholars have offered their views on the subject presenting contributions on different areas related to business communication all over the world

Language to Language Christopher Taylor,1998-11-12 A practical and theoretical guide for Italian English translators

Handbook of Business Discourse Francesca Bargiela-Chiappini,2009-05-12 The Handbook of Business Discourse is the most comprehensive overview of the field to date It offers an accessible and authoritative introduction to a range of historical

disciplinary methodological and cultural perspectives on business discourse and addresses many of the pressing issues facing a growing varied and increasingly international field of research The collection also illustrates some of the challenges of defining and delimiting a relatively recent and eclectic field of studies including debates on the very definition of business discourse Part One includes chapters on the origins advances and features of business discourse in Europe North America Australia and New Zealand Part Two covers methodological approaches such as mediated communication corpus linguistics organisational discourse multimodality race and management communication and rhetorical analysis Part Three moves on to look at disciplinary perspectives such as sociology pragmatics gender studies intercultural communication linguistic anthropology and business communication Part Four looks at cultural perspectives across a range of geographical areas including Spain Brazil Japan Korea China and Vietnam The concluding section reflects on future developments in Europe North America and Asia

Business Discourse Francesca Bargiela-Chiappini, Catherine Nickerson, B. Planken, 2013-07-25

This second edition reviews the field of business discourse centring on the investigation of business language and communication as practice It combines research based discussions with innovative practical applications and promotes debate and enquiry on a range of competing issues emerging from business discourse research and teaching practice
