Longman Twentieth Century History Series China Since 1900:

China Since 1900 Josh Brooman, 1988 Practical topic books for key periods in 20th Century History **Forthcoming Books** Rose Army, 1998-04 *Paperbound Books in Print*, 1991 Bibliography of Asian Studies, 1994 The Twentieth Century World Fiona Reynoldson, 1995 Focusing on 20th century history this is one of a series which provides simplified versions of topics covered in the Heinemann History Study Units series The text written sources and questions have been reduced and simplified to meet the needs of less able pupils at Key Stage 3 but the material is pitched at a level of maturity designed to sustain pupils interest For each book in the series there is a corresponding teacher s resource pack **The Twentieth Century World** Nigel Kelly, Martyn J. Whittock, 1995 World War I 1914 1919 and its consequences Russian Revolution 1917 1924 World War II 1939 1945 War in the Pacific The Holocaust United Nations Organisation Refugees Cold War The Blitz Use of the atomic bomb Subject Guide to Books in Print, 2001 United Nations? Josh Brooman, 1990 Discusses the operation of the UN and its role in promoting world peace and international cooperation Special focus is given to the place of the European Community as a regional grouping of united nations Books in Print, 1991 **China's Bloody Century** R. J. Rummel, 2017-07-12 Except for Soviet citizens no people in this century have endured so much mass killing as have the Chinese They have been murdered by rebels conniving with their own rulers and then after the defeat in war of the imperial dynasty by soldiers of other lands They have been killed by warlords who ruled one part of China or another They have been executed by Nationalists or Communists because they had the wrong beliefs or attitudes or were simply in the wrong place at the wrong time In China s Bloody Century R J Rummel s careful estimate of the total number of killings exceeds 5 million How do we explain such killings crossing ideological bounds and political conditions According to Rummel the one constant factor in all the Chinese mass murder as it was in the Soviet Union and Nazi Germany is arbitrary power It was the factor that united warlords Nationalists Communists and foreign armies The author argues that whenever such undisciplined power is centralized and unchecked the possibility exists that it will be used at the whim of dictators to kill for their own ends whether the aim is ethnic racial purity national unity development or utopia The book presents successive periods in modern Chinese history with each chapter divided into three parts Rummel first relates the history of the period within which the nature and the amount of killings are presented He then provides a detailed statistical table giving the basic estimates with their sources and qualifications The final part offers an appendix that explains and elaborates the statistical computations and estimates While estimates are available in the literature on the number of Chinese killed in Communist land reform or in Tibet or by the Nationalists in one military campaign or another until this book no one has tried to systematically accumulate organize add up and analyze these diverse killings for all of China s governments in this century For **Twentieth-Century China** Jeffrey N. Wasserstrom, 2013-10-14 Twentieth Century China New Approaches is an important revisionist study of China s recent past The chapters throw light on a variety of subjects within the field which has

recently undergone considerable change The three major parts of this reader take into account the historical shape of the century local perspectives on national history and reflections on cultural history The chapters in this volume reflect a move away from a Western centred analysis of Chinese history as well as the new wealth of archival material made accessible over the last decade They highlight in challenging ways important topics that have generated considerable excitement among historians Subjects discussed include the watershed date of 1949 feminism the revolutions the discourse of the communist party and political theatre in modern China A History of the World from the 20th to the 21st Century John Ashley Soames Grenville,2005 Provides a comprehensive survey of the key events and personalities of this period

A Handbook for History Teachers James A. Duthie,2012-09-28 History is not a mere chronicle of facts but a dialogue between competing interpretations of the past it should be taught as such Teaching history in this way makes it both intellectually demanding and more interesting while at the same time helps students acquire the knowledge and skills necessary to become functioning citizens in a democracy The opening chapters provide the rationale for the study of history its epistemological basis and the logic of the discipline The bulk of the book deals with practical ways to help students acquire process and apply information In particular it addresses the specific thinking skills required by the discipline with many effective techniques for helping students to master them The implications of this approach for teacher evaluation of student work are also addressed

updated edition takes full advantage of new research and formerly unavailable material to analyse the fascinating processes of revolution reform reaction and change in China during the period Mackerras Discusses the wars occupations and uprisings that marked the period including the Boxer Rebellion and the Japanese occupation and includes a new chapter on postwar China and the Civil War Examines nation building and revolutions including the successful communist movement that has led to the rise of today s state Acknowledges the prevalence of poverty and famine in the period but also gives space to the areas in which there was progress the introduction of mass secular education improvements in the status of women and in a new chapter details significant developments in culture literature and theatre Written in an accessible style with a rich collection of Documents Chronology Glossary a Guide to Further Reading and a Who s Who summarising the careers and contributions of the main figures this new edition is essential for all those interested in understanding China s modern history

Liberating the National History Curriculum Josna Pankhania,2017-11-01 Once there were bards who sang the songs which kept the listeners in touch with their past They reminded them of the heroes who once walked among them and whose legacy provided a sense of shared greatness and national identity Later the bards became historians and history teachers and English history became a glorious roll call of those who had gone out and created an Empire and at the same time spread education and enlightenment But recent doubts have raised questions about partiality and perhaps there were losses suffered by the Empire s people Perhaps their heritage should be our heritage and therefore a fit subject for history to deal with Originally published in 1994 this book argues that the curriculum can be legitimately used to teach students the history of oppressed groups It is important to note that Pankhania manages to do this not in a divisive spirit but with the intent to seek unity for the future by understanding and accepting the positive and negative aspects of a collective past **History of Humanity: The twentieth century** Sigfried J. de Laet,Ahmad Hasan Dani,José Luis Lorenzo,R. B. Nunoo,1994
