

A woman with long blonde hair is shown in two views: a front-facing view on the left and a back-facing view on the right. She is wearing a long, flowing, light pink dress with a ruffled hem and a large, vibrant pink bow in her hair. She is holding a small pink flower in her left hand and a light-colored handbag. ## **Looking On Images Femininity:**

**Looking on** Rosemary Betterton,1987      **Feminine Look** Jennifer Friedlander,2009-01-01 Feminine Look shows how the Lacanian concept of sexualisation makes possible a new account of the relationship among feminism psychoanalysis and spectatorship Whereas previous studies have tended to ask how spectatorship may be influenced by sexual difference Jennifer Friedlander asks how particular spectatorial encounters may engender different sexualised responses In so doing she traces a fresh path through Freud's account of the relationship between visual perception and sexual difference and rereads Freud's fable of castration anxiety suggesting that sexual identity arises as a response to the symbolic order's indifference to the subject's need for a solid identity She examines provocative and controversial artistic images by Jamie Wagg Marcus Harvey and Sally Mann to demonstrate how images not only create and embody social practices but also precipitate viewer anxieties and pleasures      **Moon Time: Receiving Images of Feminine through Clay, Drawing, and Word** ,

**Queering Femininity** Hannah McCann,2017-12-04 Queering Femininity focuses on femininity as a style of gender presentation and asks how and whether it can be refigured as a creative and queer style of the body Drawing on a range of feminist texts and interviews with self-identifying queer femmes from the LGBTQ community Hannah McCann argues that the tendency to evaluate femininity as only either oppressive or empowering limits our understanding of its possibilities She considers the dynamic aspects of feminine embodiment that cannot simply be understood in terms of gender normativity and negotiates a path between understanding both the attachments people hold to particular gender identities and styles and recognising the punitive realities of dominant gender norms and expectations Topics covered range from second wave feminist critiques of beauty culture to the importance of hair in queer femme presentation This book offers students and researchers of Gender Queer and Sexuality Studies a fresh new take on the often troubled relationship between feminism and femininity a critical but generous reading that highlights the potential for an affirmative orientation that is not confined by the demands of identity politics      **Rhetoric of Femininity** Donnalyn Pompper,2016-12-20 Rhetoric of Femininity Female Body Image Media and Gender Role Stress Conflict offers critical and social identity intersectionalities approach to interpretations of femininity among three generations of women for a rhetorical examination of how femininity is made to mean by media and popular culture Amplified are voices of women across multiple age ethnic and sexual orientation groups who shared in focus groups and interviews their perceptions of femininity and feminine ideals Femininity is explored using theories from communication and mass media psychology sociology and feminist and gender studies Donnalyn Pompper explores femininities as shaped by cultural rituals and industries at home and at work in organizations on sporting fields and arenas and in politics      *The Image of the Feminine in the Poetry of W.B. Yeats and Angelos Sikelianos* Anastasia Psoni,2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of

that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans s discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re creating a gynocentric mythology was no longer a fantasy In Yeats s and Sikelianos s gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats s and Sikelianos s gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space

[Sexing the Look in Popular Visual Culture](#) Kathy Justice Gentile,2020-05-15 With dramatic advances in media technology the practice of sexing or erotically enhancing images has become an increasingly widespread phenomenon The eroticized look as both noun and verb the thing or image that draws our look and the look that we bestow on images that elicit our visual physiological and emotional attention is the focus of the essays in this volume Every day whether we are out in the world or in the workplace or in the privacy of our homes we enter visual fields that heighten and distort reality distortions that often emphasize sexuality and erotic promise The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives including literature film studies history philosophy art history and media studies with gender and sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project The essays

in this collection offer new theoretical conceptions of perception and representation as well as rigorous reconsiderations of the polarized feminist debates over pornographic images Essays on literature and film range from an interrogation of Baudrillard's theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones's challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots Other contributors consider the history of nudist images in US periodicals the proliferation of eroticized images of girls in new digital technologies gentlemanly masculinity in men's fashion in late Victorian England and a rape prevention campaign's unintentional reinforcement of persistent heterosexist misconceptions about rape

**The Aftermath of Feminism** Angela McRobbie, 2008-11-20 In this trenchant inquiry into the state of feminism Angela McRobbie breaks open the politics of sexual equality and affirmative feminism and sets down a new theory of gender power Challenging the most basic assumptions of the end of feminism this book argues that invidious forms of gender re-stabilisation are being re-established Consumer and popular culture encroach on the terrain of so-called female freedom appearing supportive of female success yet tying women into new post-feminist neurotic dependencies With a scathing critique of women's empowerment McRobbie has developed a distinctive feminist analysis that she uses to examine socio-cultural phenomena embedded in contemporary women's lives from fashion photography and the television makeover genre to eating disorders body anxiety and illegible rage A turning point in feminist theory *The Aftermath of Feminism* will set a new agenda for gender studies and cultural studies

**Blackness at the Intersection** Kehinde Andrews, Kimberlé Crenshaw, Annabel Wilson, 2024-02-08 A ground-breaking collection applying Crenshaw's concept of intersectionality to the black diasporic experience in Britain In the 1980s Professor Kimberlé Crenshaw first coined the term intersectionality Since then the concept has spread across national and disciplinary boundaries and has had a transformative impact on the way in which we understand identity and the experience of discrimination But outside the US the application of intersectional theory

has largely been disconnected from any analysis of Blackness despite intersectionality's origins in critical race theory CRT Curated by Crenshaw Andrews and Wilson as well as several of the leading scholars of CRT this collection bridges that gap and is the first to apply both these concepts to contexts outside the US Focusing on Blackness in Britain the contributors examine how scholars and activists are employing intersectionality to foreground Black British experiences Its essays encompass key issues such as gender and Black womanhood issues of representation within contemporary British culture and the position of Black Britons within institutions such as the family education and health The book also looks to the role intersectionality can play in shaping future political activism and in forging links beyond Blackness to other social movements
