The Wild Marsh Rick Bass, 2018-06-01 An account of one year in the Yaak Valley wilderness range by the acclaimed naturalist and memoirist Beginning with his family settling in for the long northwestern Montana winter and capturing all the subtle harbingers of change that mark each passing month the initial cruel teasing of spring the splendor and fecundity of summer and the bittersweet memories evoked by fall this is a beautiful evocation of the fauna flora and folks in this rugged and spectacular landscape Publishers Weekly starred review It is full of rich observation about what it takes to live in the valley toughness improvisation and of course duct

tape *The Wild Marsh* is also poignant especially as the author reflects on what it means for his young daughters to grow up surrounded by the strangeness and wonder of nature He shares with them the Yaak's little secrets where the huckleberries are best in a dry year where to find a grizzly's claw marks in an old cedar and discovers that passing on this intimate local knowledge the knowledge of home is a kind of rare and valuable love Bass emerges not just as a writer but as a father a neighbor and a gifted observer uniquely able to bring us close to the drama and sanctity of small things ensuring that though the wilderness is increasingly at risk the voice of the wilderness will not disappear A work of wonder praise and thanksgiving for all the marvels of nature where every aspect is connected and every process has its place Bass grounding his book in science well takes the facts and transforms them as a musician transforms musical notes into a work of great beauty This walk through a year is a walk through the author's soul filled with passions dreams fears and the exuberance of Walt Whitman School Library Journal starred review Whether the topic is a forest fire in his front yard or the excitement of the first tiny cheerful glacier lilies in spring Rick Bass is a stirring companion on the trail that leads west from the Walden Pond of Henry David Thoreau and the Sand County of Aldo Leopold Ivan Doig author of *The Whistling Season* **Porcelain, and** Chay Yew, 1997 *Porcelain* is an examination of a young man's crime of passion Triply scorned as an Asian a homosexual and now a murderer nineteen year old John Lee has confessed to shooting his lover in a public lavatory in London *Porcelain* dissects the crime through a prism of conflicting voices newscasts flashbacks and John's recollections to a prison psychiatrist *A Language of Their Own* is a lyrical and dramatic meditation on the nature of desire and sexuality as four men three Asian and one white come together and drift apart in a series of interconnecting stories **Hurricane Season** Sonja Bentley Zant, 2007-09 *Notes from a Necrophobe* T.C. parents put pressure on doctors in largely covert ways for instance in specific communication practices for explaining why they have brought their child to the doctor or answering a history taking question This book also shows how physicians yield to this seemingly subtle pressure evidencing that apparently small differences in wording have important consequences for diagnosis and treatment recommendations Following parents use of these interactional practices physicians are more likely to make concessions alter their diagnosis or alter their treatment recommendation This book also shows how small changes in the way physicians present their findings and recommendations can decrease parent pressure for antibiotics This book carefully documents the important and observable link between micro social interaction and macro public health domains

Itunu ,2021-02-25 Have you ever imagined what it is like to live in a rich and respected family when you have to uphold the crown that was attached to your identity from birth How you need to try hard and live by the standards that others have set for you you are demanded to be perfect failing which you will be left out without thinking twice No matter how hard the options life gives These are the options one have The story takes you into an emotional journey of how difficult it is to choose and more so to live by your own choices and decision The Five Dynamics of Creative Development Johannes Ziskoven,Ad van Vugt,2020-09-30 The Five Dynamics of Creative Development proposes a framework for exploring and better

understanding the complex and beautiful process of development and growth This creative process takes on many forms however always following the structure of underlying dynamics The work is focused on recognising the dynamics and creating the right environment and conditions for growth to occur naturally At its root lies the assumed reality that love is the true force behind positive growth and that every human being has this basic capacity Based on 45 years of experience working in mental health institutions it is written by a young explorer of Art Therapy who will guide you through a journey of positive and playful learning It is a book full of recognition and useful tips for anyone who is personally interested in growth creativity and change as well as for parents therapists teachers and other professionals Ad van Vugt worked in psychiatry for over forty years both clinically and on an out patient basis Early on he came to the conclusion that mere talking was not enough and that the felt experience through creativity was at the basis of change Creative activities would be an important tool to support this change He started developing programmes with the help of colleagues and clients The core question that occupied him was about which dynamics are actually responsible for change and development and which conditions stimulate these dynamics in a natural way He moved away from problem oriented thinking and into development oriented thinking The theory that he developed is described in this book Johannes Ziskoven decided in 2015 to stop his philosophy course and travelled to Spain to assist his father participate in the courses and in return write the book about his father s work For three years he followed him did and assisted in workshops tried out the different creative techniques and had almost daily conversations and interviews with his father The result was this book It is not only a fitting rendering of his father s work but also a clear expression of his own creative process He now studies in the Netherlands to become an art therapist himself
