Mental Conflicts Personality:

Mental Conflicts and Personality Mandel Sherman,1938 Usually the basis for many maladjustments is the formation of a pattern of conflicts the pressure of which causes the individual to assume either symbolic emotional maladjustment or overt maladjustments The separation of various conflicts for discussion in this book has been made principally because they can be evaluated much more easily in this manner An attempt has been made to evaluate the most prominent theories regarding the role of mental conflicts and to systematize those data which appear to have an objective basis In addition the experimental literature has been carefully scrutinized and those reports which appeared of scientific interest have been included in the discussions often however in very brief statements The reader must consider much of the material in this field as highly theoretical It is hoped however that out of a scientific evaluation of the material a clearer concept may be obtained of the nature and role of mental conflict The Oxford Handbook of Psychological Situations John F. Resolution Syndrome The dangers of institutionalizing the Syndrome and of concentrating avoidance personalities in decision making roles is described the solutions offered tend to respond to the psychological needs of the decision makers rather than to the objective conditions of the problem Chapter 1 contains an overview of the book Chapter 2 contains a critical review of the literature on the personality characteristics of volunteers The research study is presented in Chapter 3 In Chapter 4 a personality typology based on conflict avoidance is outlined Chapter 5 gives social and political analyses of aspects of volunteerism and Chapter 6 describes the social and political dangers inherent in conflict avoidance strategies
