Nature Of The Right European And American Politics And Political Thought Since 1789:

The Nature of the Right Roger Eatwell, Noël O'Sullivan, 1989 From the John Holmes Library collection *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author *Mapping Extreme Right Ideology* M. Bruter, S. Harrison, 2011-08-30 An explanation of variations in the discourses and electoral success of 25 extreme right parties across 17 European political systems The book shows how the European extreme right is mapped by the positions of parties and voters on two ideological dimensions and how the match between these determines electoral success *The Right and Radical Right in the Americas* Tamir Bar-On, Bàrbara Molas, 2021-11-22 Studies of the right and radical right have proliferated since the rise of European nationalist and populist parties in the 1980s Yet the literature on the right and the radical right has a largely Euro American bias and has been limited by partisan academics that focus on the left The Right and Radical Right in the Americas hopes to be a pioneering work that examines the history and contemporary manifestations of the right and radical right throughout the Americas From interwar Canada to contemporary Chile the right and radical right have come in diverse ideological currents Those ideological currents have undergone historical changes and the strategies of the right and radical right need to be contextualized in respect of country and region The right and radical right also have distinctive meanings throughout the Americas and in different epochs

The Mainstreaming of the Extreme Right in France and Australia Aurélien Mondon, 2016-03-09 What has led to the recent revival of the extreme right in Western democracies such as France and Australia and what impact has their success had on mainstream politics What shift has taken place in recent times as ideas and groups that once were considered marginal and undemocratic have come to play an important part in mainstream politics This book addresses these key questions by examining the resurgence of the extreme right in France and Australia and explores the history of right wing groups and their relationship with and impact on mainstream politics This compelling study on the rise of right wing parties in two countries with different histories but similar experiences of how mainstream parties campaigned and reacted to the changing political landscape presents a fascinating comparison of the history and political impact of ethno exclusivist and right wing populist politics in liberal democracies A detailed and thorough comparative analysis of parties such as the Front National and One Nation and the mainstreaming of their discourse by prominent leaders like John Howard and Nicolas

Sarkozy offers new insights on the rise of the contemporary extreme right and how these groups and the ideas they represent have become increasingly mainstream and perhaps even hegemonic in the current political state *The United States and the European Right, 1945-1955* Deborah Kisatsky, 2005 Nazi Germany's defeat in May 1945 commenced a decade long allied effort to democratize the former Reich The United States simultaneously began sheltering scientists industrialists and military officers complicit in Nazi crimes What explained this conflict between the spirit and practice of denazification Did U S Cold War anticommunism simply replace antifascism in the postwar period Did Americans favor rightists over leftists in a quest to restore order in Europe In this groundbreaking study Deborah Kisatsky shows that opportunity not order galvanized U S foreign policy and that American dealings with the European Right were more complex than has been presumed U S leaders cooperated with West German Chancellor Konrad Adenauer to achieve shared Atlanticist goals And the United States co-opted nationalistic fighters into a secret stay behind net of the Bund Deutscher Jugend Technischer Dienst But allied leaders jointly worked to contain such vocal nationalist nationalists as the ex Nazi Otto Strasser Cooperation co-optation and containment of French and Italian as of German rightists advanced American hegemony in Europe These strategies extended techniques of social control perfected within the United States and synthesized domestic and international systems of power in the twentieth century **BOOK JACKET The Radical Right in Western Europe** Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries **Conspiracy Theories** J.
