Naval Elite Units:

Naval Elite Units Michael G. Welham, 1990 *Italian Navy & Air Force Elite Units & Special Forces 1940-45* Piero Crociani, Pier Paolo Battistelli, 2013-01-20 This volume assesses the formidable Special Forces fielded by Italy's navy and air force in World War II. Italian Navy Special Forces were particularly active and respected in the Mediterranean where 10th Motor Torpedo Boat Flotilla used frogmen, two-man torpedoes and explosive ram boats. The Italian Air Force formed a special commando unit ADRA before the 1943 surrender; it was tasked with attacking Allied airfields and communications in North Africa. Men from ADRA and Army paratroopers formed the new Folgore Regiment which also continued to fight alongside German forces until 1945. In both cases the pro-Allied Italian forces also formed mirror units to fight alongside US and British forces including the Recce Squadron F. Featuring rare photographs and specially commissioned artwork, this book tells the story of the little-known elite forces fielded by Italy's navy and air force in World War II, some of whose successors remain in service with today's Italian armed forces.

Elite Forces R M Bennett, 2011-08-31 The invincible reputation of specialist military units such as the USA's Delta Force, Israel's IDP and of course Britain's SAS has grown steadily in recent years. Thanks to a number of successful campaigns and anti-terror operations from London's Iranian Embassy siege in 1980 to the second Gulf War in which they played a crucial role, it's now assumed that special forces are ideal for our world of small, localised conflicts and especially George W. Bush's war on terror. *Elite Forces: The World's Most Formidable Secret Armies* contains over 500 compelling entries that cut through myth and secrecy. Details the history, selection and training procedures and orders of battle of every major elite fighting force in the world today. Is packed with hair-raising examples of individual heroism, endurance and courage in adversity. Is fully up to date and includes recent coalition operations in Afghanistan and Iraq. Takes an objective look at what happens when things go wrong as they did most famously during the Gulf War of 1991 and in America's intervention in Somalia in 1993. Explores the hidden links between elite forces and governments, intelligence organisations and business and their controversial lack of accountability. Examines how new technologies have come to the aid of the elite soldier. This is the first book of its kind to examine all aspects of the overlap between elite forces and the hidden worlds of intelligence and counter-terrorism and takes an objective look at the secret, controversial role of special forces and freelancers in covert, deadly operations around the world. *Elite Forces* is a compelling, revealing and occasionally shocking read and an authoritative and easy-to-use reference resource.

Oceanography and Naval Special Warfare, 1997 Based on discussions among more than one hundred scientists, managers and fighters during the fifth in a series of symposia, summarizes the SEAL teams' mission and methods, the importance of environmental data in planning and executing naval special ops.
