

NAZI POLICY, JEWISH WORKERS, GERMAN KILLERS

CHRISTOPHER R. BROWNING

Nazi Policy Jewish Workers German Killers

Dallas Michelbacher

Nazi Policy Jewish Workers German Killers:

Nazi Policy, Jewish Workers, German Killers Christopher R. Browning, 2000-02-13 This volume uses new evidence to shed light on controversial issues in current Holocaust scholarship *Nazi Policy, Jewish Workers, German Killers*, 2000

Surviving the Holocaust Ronald Berger, 2010-08-23 Surviving the Holocaust is a compelling sociological account of two brothers who survived the Holocaust in Nazi occupied Poland One brother the author's father endured several concentration camps including the infamous camp at Auschwitz as well as a horrific winter death march while the other brother the author's uncle survived outside the camps by passing as a Catholic among anti Semitic Poles including a group of anti Nazi Polish Partisans eventually becoming an officer in the Soviet army As an exemplary theorized life history Surviving the Holocaust applies concepts from life course theory to interpret the trajectories of the brothers lives enhancing this approach with insights from agency structure and collective memory theory Challenging the conventional wisdom that survival was simply a matter of luck it highlights the prewar experiences agentive decision making and risk taking and collective networks that helped the brothers elude the death grip of the Nazi regime Surviving the Holocaust also shows how one family's memory of the Holocaust is commingled with the memories of larger collectivities including nations states and their institutions and how the memories of individual survivors are infused with collective symbolic meaning Female SS Guards and Workaday

Violence Elissa Mailänder, 2015-03-01 How did ordinary women like their male counterparts become capable of brutal violence during the Holocaust Cultural historian Elissa Mailänder examines the daily work of twenty eight women employed by the SS to oversee prisoners in the concentration and death camp Majdanek Lublin in Poland Many female SS overseers in Majdanek perpetrated violence and terrorized prisoners not only when ordered to do so but also on their own initiative The social order of the concentration camp combined with individual propensities shaped a microcosm in which violence became endemic to workaday life The author's analysis of Nazi records court testimony memoirs and film interviews illuminates the guards social backgrounds careers and motives as well as their day to day behavior during free time and on the job as they supervised prisoners on work detail and in the cell blocks conducted roll calls and selected girls and women for death in the gas chambers Scrutinizing interactions and conflicts among female guards relations with male colleagues and superiors and internal hierarchies Female SS Guards and Workaday Violence shows how work routines pressure to resolve problems material gratification and Nazi propaganda stressing guards roles in creating a new order heightened female overseers identification with Nazi policies and radicalized their behavior Hitler's Jewish Soldiers Bryan Mark Rigg, 2002 On the

murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he'd anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German

military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse Hitler s own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge and their relatives Rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler s rule

Jewish Forced Labor in Romania, 1940-1944 Dallas Michelbacher, 2020-05-05 This study of the Antonescu regime s forced labor system offers precious insights to historians and social scientists alike Dennis Deletant author of Ion Antonescu Hitler s Forgotten Ally Between Romania s entry into World War II in 1941 and the ouster of dictator Ion Antonescu three years later over 105 000 Jews were forced to work in internment and labor camps labor battalions government institutions and private industry Particularly for those in the labor battalions this period was characterized by extraordinary physical and psychological suffering hunger inadequate shelter and dangerous or even deadly working conditions And yet the situation that arose from the combination of Antonescu s paranoias and the peculiarities of the Romanian system of forced labor organization meant that most Jewish laborers survived Jewish Forced Labor in Romania explores the ideological and legal background of this system of forced labor its purpose and its evolution Author Dallas Michelbacher examines the relationship between the system of forced labor and the Romanian government s plans for the solution to the Jewish question In doing so Michelbacher highlights the key differences between the Romanian system of forced labor and the well documented use of forced labor in Nazi Germany and neighboring Hungary Jewish Forced Labor in Romania explores the internal logic of the Antonescu regime and how it balanced its ideological imperative for antisemitic persecution with the economic needs of a state engaged in total war whose economy was still heavily dependent on the skills of its Jewish population

Jewish Responses to Persecution: 1942-1943 Emil Kerenji, 2014-10-10 Published in association with the United States Holocaust Memorial Museum With its

unique combination of primary sources and historical narrative this volume provides an important new perspective on Holocaust history Covering the peak years of the Nazi Final Solution it traces the Jewish struggle for survival which became increasingly urgent in this period including armed resistance and organized escape attempts Shedding light on personal and public lives of Jews the book provides compelling insights into a wide range of Jewish experiences during the Holocaust Jewish individuals and communities suffered through this devastating period and reflected on the Holocaust differently depending on their nationality personal and communal histories and traditions political beliefs economic situation and other circumstances The rich spectrum of primary source material collected including letters diary entries photographs transcripts of speeches and radio addresses newspaper articles drawings and institutional memos and reports makes this volume an essential research tool and curriculum companion

Holocaust: From the persecution of the Jews to mass murder David Cesarani, Sarah Kavanaugh, 2004 **Holocaust: Hitler, Nazism and the "racial state"** David Cesarani, Sarah Kavanaugh, 2004 **Wartime Shanghai and the Jewish Refugees from Central Europe** Irene Eber, 2012-04-02 The study discusses the history of the Jewish refugees within the Shanghai setting and its relationship to the two established Jewish communities the Sephardi and Russian Jews Attention is also focused on the cultural life of the refugees who used both German and Yiddish and on their attempts to cope under Japanese occupation after the outbreak of the Pacific War Differences of identity existed between Sephardi and Ashkenazi Jews religious and secular aside from linguistic and cultural differences The study aims to understand the exile condition of the refugees and their amazing efforts to create a semblance of cultural life in a strange new world
