Noble Traveller:

The Modern Traveller Josiah Conder, 1827 The Modern Traveller: Egypt, Nubia, etc Josiah Conder, 1830

Restoring Paradise Arthur Versluis, 2012-02-01 Focusing on how spiritual initiation takes place in Western esoteric religious literary and artistic traditions from antiquity to the present Restoring Paradise provides an introduction to Western esotericism including early modern esoteric movements like alchemy Christian theosophy and Rosicrucianism The author argues that European and American literature and art often entail a written transmission of spiritual knowledge in which writing itself works to transmute consciousness to generate provoke or convey spiritual awakening He focuses on several important figures whose work has not received the attention it deserves including American writer and Imagist poet H D Hilda Doolittle and British painter Cecil Collins among others While Arthur Versluis presents a new way of understanding Western esotericism in a contemporary light above all he has crafted a book about knowing and about how we come to know and what knowing by way of literature and language actually means **Journeys Erased by Time: The Rediscovered**

Footprints of Travellers in Egypt and the Near East Neil Cooke, 2019-06-27 Early travellers in Egypt and the Near East made great contributions to our historical and geographical knowledge and gave us a better understanding of the different peoples languages and religions of the region Travellers in this volume are a mixture of rich and poor bravely adventuring into the unknown not knowing if would ever return home **The Traveller's Library** , 1856 **The Noble Traveller** Oscar Vladislav de Lubicz Milosz, 1985 Zawiera wyb r poezji oraz dzie metafizycznych O V de L Milosza **The modern traveller [by J. Conder]**. Josiah Conder, 1827 **Flesh and Word** Sarah Künzler, 2016-08-22 Bodies and their role in cultural

discourse have been a constant focus in the humanities and social sciences in recent years but comparatively few studies exist about Old Norse Icelandic or early Irish literature This study aims to redress this imbalance and presents carefully contextualised close readings of medieval texts The chapters focus on the role of bodies in mediality discourse in various contexts that of identity in relation to ideas about self and other of inscribed and marked skin and of natural bodily matters such as defecation urination and menstruation By carefully discussing the sources in their cultural contexts it becomes apparent that medieval Scandinavian and early Irish texts present their very own ideas about bodies and their role in structuring the narrated worlds of the texts The study presents one of the first systematic examinations of bodies in these two literary traditions in terms of body criticism and emphasises the ingenuity and complexity of medieval texts **Satirist** , 1811 **Beyond the Wall** Sir James Henry Yoxall, 1906 **Cagliostro** W. R. H. Trowbridge, 2024-10-28 The mention of Cagliostro always suggests the marvellous the mysterious the unknown There is something cabalistic in the very sound of the name that considering the occult phenomena performed by the strange personality who assumed it is curiously appropriate As an incognito it is perhaps the most suitable ever invented The name fits the man like a glove and recalling the mystery in which his career was wrapped one involuntarily wonders if it has ever been cleared up In a word what was Cagliostro really

Learning Law and Travelling Europe: Study Journeys and the Developing Swedish Legal Profession, c. 1630-1800

Marianne Vasara-Aaltonen,2020-05-18 In *Learning Law and Travelling Europe* Marianne Vasara Aaltonen offers an exciting account of the study journeys of Swedish lawyers in the early modern period Based on archival sources and biographical information the study delves into the backgrounds of the law students their travels through Europe and their future careers In seventeenth century Sweden the state building process was at its height and trained officials were desperately needed for the administration and judiciary The book shows convincingly that the studies abroad of future lawyers were intimately linked to this process whereas in the eighteenth century study journeys became less important By examining the development of the Swedish early modern legal profession the book also represents an important contribution to comparative legal history **A Journey Across South America from the Pacific Ocean to the Atlantic Ocean** Paul Marcoy (pseud.

Journeys to a Graveyard Derek Offord,2006-07-01 *Journeys to a Graveyard* examines the descriptions provided by eight Russian writers of journeys made to western European countries between 1697 and 1880 The descriptions reveal the mentality and preoccupations of the Russian social and intellectual elites during this period The travellers perceptions of western European countries are treated here as an ambivalent response to a civilization with which Russia was belatedly coming into close contact as a result of the imperial ambition of the Russian state and the westernization of the Russian elites The travellers perceived the most advanced European countries as superior to Russia in terms of material achievement and the maturity and refinement of their cultures but they also promoted a view of Russia as in other respects superior to the western nations Heavily influenced from the late eighteenth century by Romanticism and by the rise of nationalism in the west they tended to depict European civilization as moribund By this means they managed to define their own emergent nation in a contrastive way as having youth and promising futurity **The British Critic** ,1810 **The British Critic**
