Night of the Ice Storm David Stout, 2014-08-26 Small town secrets are revealed in the wake of a Catholic priest's murder in upstate New York in this heart stopping novel from an Edgar Award winning author Two decades ago the tiny New York hamlet of Bessemer was horrorstruck when a young Catholic priest was savagely bludgeoned to death in the middle of a blinding winter deluge No one was ever charged with the crime so when police beat reporter Ed Sperl listens to an old recording of journalists talking about the sensational case he's stunned to notice something the tiniest of connections that no one has made before The new evidence compels him to investigate further than he thought possible and further than some people would like The woman who made the recording Bessemer reporter Marlee West is still dealing with the shadow that has hung over her small town since that terrible night And she fears that her colleague's curiosity has awakened a nightmare from the past But the killer is already closer than she dares to imagine From an author known for both true crime and suspense including the Edgar Award winner *Carolina Skeletons* this is a chilling thriller that will surprise even the most astute mystery reader Publishers Weekly

Dry Bones Rattling Mark R. Warren, 2010-09-13 *Dry Bones Rattling* offers the first in depth treatment of how to rebuild the social capital of America's communities while promoting racially inclusive democratic participation The Industrial Areas Foundation IAF network in Texas and the Southwest is gaining national attention as a model for reviving democratic life in the inner city and beyond This richly drawn study shows how the IAF network works with religious congregations and other community based institutions to cultivate the participation and leadership of Americans most left out of our elite centered politics Interfaith leaders from poor communities of color collaborate with those from more affluent communities to build organizations with the power to construct affordable housing create job training programs improve schools expand public services and increase neighborhood safety In clear and accessible prose Mark Warren argues that the key to revitalizing democracy lies in connecting politics to community institutions and the values that sustain them By doing so the IAF network builds an organized multiracial constituency with the power to advance desperately needed social policies While Americans are most aware of the religious right Warren documents the growth of progressive faith based politics in America He offers a realistic yet hopeful account of how this rising trend can transform the
