Scholars working in a number of disciplines archaeologists classicists epigraphers papyrologists Assyriologists Egyptologists Mayanists philologists and ancient historians of all stripes routinely engage with ancient textual sources that are either material remains from the archaeological record or historical products of other connections between the ancient world and our own Examining the archaeology text nexus from multiple perspectives contributors to this volume discuss current theoretical and practical problems that have grown out of their work at the boundary of the division between archaeology and the study of early inscriptions In 12 representative case studies drawn from research in Asia Africa the Mediterranean and Mesoamerica scholars use various lenses to critically examine the interface between archaeology and the study of ancient texts rethink the fragmentation of their various specialized disciplines and illustrate the best in current approaches to contextual analysis The collection of essays also highlights recent trends in the development of documentation and dissemination technologies engages with the ethical and intellectual quandaries presented by ancient inscriptions that lack archaeological context and sets out to find profitable future directions for interdisciplinary research

A Cultural History of the Chinese Language Sharron Gu, 2011-12-22 Chinese one of the oldest active languages evolved over 5 000 years As such it makes for a fascinating case study in the development of language This cultural history of Chinese demonstrates that the language grew and responded to its music and visual expression in a manner very similar to contemporary English and other Western languages Within Chinese cultural history lie

the answers to numerous questions that have haunted scholars for decades How does language relate to worldview What would happen to law after its language loses absolute binding power How do music visual and theatrical images influence literature By presenting Chinese not as a system of signs but as the history of a community this study shows how language has expanded the scope of Chinese imagination and offers a glimpse into the future of younger languages throughout the world

The Case for Repatriating China's Cultural Objects Zuozhen Liu, 2016-02-25 This book investigates China's demands for the repatriation of Chinese cultural relics lost during the country's modern history It addresses two main research questions Can the original owners or their rightful successors of cultural objects looted stolen or illicitly exported before the adoption of the 1954 Hague Convention and the 1970 UNESCO Convention reclaim their cultural objects pursuant to remedies provided by international or national law And what are the philosophical ethical and cultural considerations of identity underlying the international conventions protecting cultural objects and claims made for repatriating them The first part of the book explores current positive legal regimes while the second part focuses on the philosophical ethical and cultural considerations regarding repatriation of cultural objects Consisting of seven chapters and an introduction it outlines the loss of Chinese cultural relics in modern history and the normative framework for the protection of cultural heritage It presents case studies designed to assess the possibility of seeking legal remedies for restitution under contemporary legal regimes and examines the cultural and ethical issues underpinning the international conventions protecting cultural heritage and claims for the repatriation of cultural heritage It also discusses issues of cultural identity the right to cultural identity and heritage multiculturalism the politics of recognition cosmopolitanism the right to cultural heritage and other related issues The concluding chapter answers the two research questions and offers suggestions for future research

Teaching Confucianism Jeffrey L. Richey, 2008 Even the most casual observer of Chinese society is aware of the tremendous significance of Confucianism as a linchpin of both ancient and modern Chinese identity Furthermore the Confucian tradition has exercised enormous influence over the values and institutions of the other cultures of East Asia an influence that continues to be important in the global Asian diaspora If forecasters are correct in labeling the 21st century the Chinese century teachers and scholars of religious studies and theology will be called upon to illuminate the history character and role of Confucianism as a religious tradition in Chinese and Chinese influenced societies The essays in this volume will address the specifically pedagogical challenges of introducing Confucian material to non East Asian scholars and

students Informed by the latest scholarship as well as practical experience in the religious studies and theology classroom the essays are attentive to the various settings within which religious material is taught and sensitive to the needs of both experts in Confucian studies and those with no background in Asian studies who are charged with teaching these traditions The authors represent all the arenas of Confucian studies from the ancient to the modern Courses involving Confucius and Confucianism have proliferated across the disciplinary map of the modern university This volume will be an invaluable resource for instructors not only in religious studies departments and theological schools but also teachers of world philosophy non Western philosophy Asian studies and world history **A Study of Chinese Characters** Wang

Guiyuan,2023-12-22 As the first volume of a two volume set on Chinese ancient characters and newly unearthed literature this book brings together the author s research articles that discuss the development of Chinese characters and the tradition of Chinese palaeography The 23 chapters in this book focus on two aspects of Chinese characters The first 13 chapters centre on the evolution of Chinese characters analysing the composition system and its transformation the motivation and mechanisms behind its evolution as well as the methodology of the study of ancient characters The subsequent 10 chapters mainly revolve around Shuowen Jiezi one of the oldest character dictionaries in China The author offers a novel understanding of the core issues related to this most important philological work such as the version of the dictionary misunderstandings in previous scholarship and its relations with other palaeographical materials The title will appeal to students and scholars of Sinology Chinese philology and palaeography as well as Chinese characters Catalog of Copyright Entries.
