Siebert,2022-08-08 She has friends Lives in a nice house in a swanky neighbourhood Has been accepted to first rate university a thousand miles away and has to leave in a few weeks Why is she on the road with a bunch of strangers Lindy Jones longs to connect with her birth father but all she s ever known about him is his name and that he rides the rodeo Her mother refuses to talk about him except to say he has no interest in her A chance sighting of a cowboy leaving their house on the last day of the Calgary Stampede makes her doubt that she determines to find him that night even though it means sneaking away When she learns he s already left she falls in with a group of rodeo cowboys on their way to the next rodeo telling herself it s the only way she ll ever find him Will she find her father What if he really doesn t want anything to do with her as her mother s been telling her all these years And what about the handsome young bull rider who s winning all the silver buckles will he win her heart Everybody's Magazine ,1910 Lewis Creek Lost and Found Kevin T. Dann,2001 Well known for his imaginative treatment of environmental issues Kevin Dann presents a natural history of the Lewis Creek watershed in Vermont s Champlain Valley told largely through the lives and thought of three individuals whose investigations brought them into close contact with the area Congregationalist minister John Perry 1825 1872 conducted paleontological research on the region s Paleozoic rock and attempted to negotiate his era s confrontation between science and religion Rowland Robinson 1833 1900 was a Quaker farmer and author artist whose historical fiction often dealt with issues of human impact on this watershed The first plant hunting expeditions of another Quaker farmer and noted plant collector Cyrus Pringle 1838 1911 took place in this watershed as well Dann s account of these three men whose lives span nearly a century graphically illustrates contemporary human nature relationships at the same time that it suggests the limits of science in circumscribing our experience of the physical landscape The experience of pain and loss is documented along with the stories of success and celebration since as Dann writes Genuine places like human hearts have dark recesses within them and by examining these recesses within the Lewis Creek watershed we take a small step toward demythologizing Vermont *Seven Dreamers* Annie Trumbull Slosson,1890 **Ford's Christian Repository** ,1874 The Strangest Tribe Stephen Tow,2011-09-20 Grunge isn t dead
