Promised Land Poems From The Journey:

Promised Land Katriel,1998-12-01 Red, Black, and Jew Stephen Katz,2010-01-01 Between 1890 and 1924 more than two million Jewish immigrants landed on America's shores. The story of their integration into American society as they traversed the difficult path between assimilation and retention of a unique cultural identity is recorded in many works by American Hebrew writers. Red Black and Jew illuminates a unique and often overlooked aspect of these literary achievements charting the ways in which the Native American and African American creative cultures served as a model for works produced within the minority Jewish community. Exploring the paradox of Hebrew literature in the United States in which separateness and engagement and acculturation are equally strong impulses, Stephen Katz presents voluminous examples of a process that could ultimately be considered Americanization. Key components of this process, Katz argues, were poems and works of prose fiction written in a way that evoked Native American forms or African American folk songs and hymns. Such Hebrew writings presented America as a unified society that could assimilate all foreign cultures. At no other time in the history of Jews in diaspora have Hebrew writers considered the fate of other minorities to such a degree. Katz also explores the impact of the creation of the state of Israel on this process, a transformation that led to ambivalence in American Hebrew literature as writers were given a choice between two worlds. Reexamining long neglected writers across a wide spectrum, Red Black and Jew celebrates an important chapter in the history of Hebrew belles lettres. **The Complete Old English**

Poems, 2017-01-31 From the riddling song of a bawdy onion that moves between kitchen and bedroom to the thrilling account of Beowulf's battle with a treasure hoarding dragon, from the heart-rending lament of a lone castaway to the embodied speech of the cross upon which Christ was crucified, from the anxiety of Eve who carries a sumptuous secret in her hands and a tempting truth hidden in her heart to the trust of Noah who builds a sea floater, a wave walking Ocean home with rooms for all creatures, the world of the Anglo-Saxon poets is a place of harshness, beauty, and wonder. Now for the first time the entire Old English poetic corpus, including poems and fragments discovered only within the past fifty years, is rendered into modern strong stress alliterative verse in a masterful translation by Craig Williamson. Accompanied by an introduction by noted medievalist Tom Shippey on the literary scope and vision of these timeless poems and Williamson's own introductions to the individual works and his essay on translating Old English poetry, the texts transport us back to the medieval scriptorium or ancient mead hall to share a herdsman's recounting of the story of the world's creation or a people's sorrow at the death of a beloved king, to be present at the clash of battle or to puzzle over the sacred and profane answers to riddles posed over a thousand years ago. This is poetry as stunning in its vitality as it is true to its sources. Were Williamson's idiom not so modern, we might think that the Anglo-Saxon poets had taken up the lyre again and begun to sing once more.
