for diversion practice creativity or s ng t o in early 21st century southern Vietnam These musicians draw from long standing theories of primarily Daoist creation while adopting strategically from and also reacting to a western neo liberal model of creativity focused primarily although not exclusively on the individual genius They play with metaphors of growth development and ruin to not only maintain their tradition but keep it vibrant in the rapidly shifting context of modern Vietnam With ethnographic descriptions of zither lessons in H Chi Minh City outdoor music cafes in C n Th and television programs in ng Th p Seeding the Tradition offers a rich description of southern Vietnamese s ng t o and suggests revised approaches to studying creativity in contemporary ethnomusicology **Crash Course** H. Bruce Franklin,2018-09-03

Growing up during the Second World War H Bruce Franklin believed what he was told that America s victory would lead to a new era of world peace Like most Americans he was soon led to believe in a world wide Communist conspiracy that menaced the United States forcing the nation into a disastrous war in Korea But once he joined the U S Air Force and began flying top secret missions as a navigator and intelligence officer what he learned was eye opening He saw that even as the U S preached about peace and freedom it was engaging in an endless cycle of warfare bringing devastation and oppression to fledgling democracies across the globe Now after fifty years as a renowned cultural historian Franklin offers a set of hard learned lessons about modern American history Crash Course is essential reading for anyone who wonders how America ended up where it is today with a deeply divided and disillusioned populace led by a dysfunctional government and mired in unwinnable wars It also finds startling parallels between America s foreign military exploits and the equally brutal tactics used on the home front to crush organized labor antiwar and civil rights movements More than just a memoir or a history book Crash Course gives readers a unique firsthand look at the building of the American empire and the damage it has wrought Shocking and gripping as any thriller it exposes the endless deception of the American public and reveals from inside how and why many millions of Americans have been struggling for decades against our own government in a fight for peace and justice **My Hanoi Trip Guide** Pasquale De Marco,2025-07-24
