Sánchez, Robert L. Spude, Art Gómez, 2013-09-26 Since the earliest days of Spanish exploration and settlement New Mexico has been known for lying off the beaten track But this new history reminds readers that the world has been beating paths to New Mexico for hundreds of years via the Camino Real the Santa Fe Trail several railroads Route 66 the interstate highway system and now the Internet This first complete history of New Mexico in more than thirty years begins with the prehistoric cultures of the earliest inhabitants The authors then trace the state s growth from the arrival of Spanish explorers and colonizers in the sixteenth century to the centennial of statehood in 2012 Most historians have made the territory s admission to the Union in 1912 as the starting point for the state s modernization As this book shows however the transformation from frontier province to modern state began with World War

II The technological advancements of the Atomic Era spawned during wartime propelled New Mexico to the forefront of scientific research and pointed it toward the twenty first century The authors discuss the state s historical and cultural geography the economics of mining and ranching irrigation s crucial role in agriculture and the impact of Native political activism and tribe owned gambling casinos New Mexico A History will be a vital source for anyone seeking to understand the complex interactions of the indigenous inhabitants Spanish settlers immigrants and their descendants who have created New Mexico and who shape its future *Run Oklahoma Run* Jack White,2013-04-02 Jack White s intentions were to weave a story of a strong hearted people in a Territory of Greatness From the discovery of golden fields of tall grass in 1541 by Spanish explorer Francisco Vasquez de Coronado until the United States Congress made Oklahoma the 46th state in November 1907 Moving from family to family to transport the story from one generation to the next Jack intertwined enough mystery and intrigue to make the book a page turner This is definitely not a historical novel filled only with boring dates and unimaginative facts The story flows and meanders like a winding stream until President Teddy Roosevelt witnesses John Abernathy an Oklahoman grabbing angry Lobo wolves with his bare hands Jack White s goal from the first word typed was to put on paper a record of the history of the most interesting Territory in the greater United States *Run Oklahoma Run* is a book you will pass down to your great grandchildren Border Wars K. Adam Powell,2004 An in depth look at the players games and moments that have shaped the first half century of ACC football this compendium covers every detail from its five national Championship teams to the scandals that have rocked programs at Clemson and Florida State The book also includes the coaching records and season standings of ACC football teams from 1953 to 2002 **The Cattle of the World** Alvin Howard Sanders,1926 *Cinderella's Slipper* Mike Nemeth,2009-09 The Bowl Champion Series BCS is under fire from fans the media college coaches Congress and even our new President They worry that the two best teams in the country aren t consistently selected by the polls and the BCS computers to play for the National Championship At stake is prestige a place in history recruiting advantages and boatloads of cash The solution proposed most often is a playoff system to give more schools a shot at a title However the problem of team selection won t go away with a playoff system it will be exacerbated The lack of a credible ranking system is the Achilles heel of the current BCS system Cinderella s Slipper reveals why the polls get it wrong why the BCS computers can t be expected to get it right why traditional statistics aren t useful for ranking teams and why won lost records are misleading Cinderella s Slipper introduces the performance metrics necessary for team ranking and explains the rating system that can accurately rank teams with similar records When combined with NCAA sponsorship and an accurate ranking system a playoff scheme will produce deserving champions and will restore public confidence in the college football National Championship process The Orphaned Land V. B. Price,2011-11-16 In this work the author presents New Mexico as a microcosm of global ecological degradation He states that the New Mexico environment is endangered by military corporate and urban polluters and consumers as hazerdous waste munitions testing radioactive
