Sport in Underdeveloped and Conflict Regions Meredith A. Whitley, William V. Massey, Simon C. Darnell, Brett Smith, 2018-12-07 Over the past two decades scholars and practitioners have taken a keen interest in the field of Sport for Development and Peace SDP These efforts have largely focused on and debated the merits of sport as a tool for development diplomacy and peacebuilding in under resourced underdeveloped and conflict regions Making sense of the positive contributions that sport can offer to such complex and multi faceted issues requires understanding the various connections and meanings that individuals and communities ascribe to their sporting experiences This book offers a unique outlet for research that engages with rather than makes claims about individuals and communities around the world Diverse contemporary and thought provoking examples of qualitative methods in the study of SDP are detailed along with rich meaningful and provocative insights from these studies Readers are invited to think critically about the fields of enquiry

philosophical underpinnings and methodologies utilised as well as the audiences engaged and topics explored We hope readers will join us in considering how these chapters can push the SDP field into more rigorous methodologically innovative and diverse approaches to research and evaluation while also engaging with actors who are still often spoken for or about rather than with This book was originally published as a special issue of Qualitative Research in Sport Exercise and Health

Vedic Practice, Ritual Studies and Jaimini's Mīmāṃsāsūtras Samuel G. Ngaihte, 2019-06-27 Drawing on insights from Indian intellectual tradition this book examines the conception of dharma by Jaimini in his Mīmāṃsāsūtras assessing its contemporary relevance particularly within ritual scholarship Presenting a hermeneutical re-reading of the text it investigates the theme of the relationship between subjectivity and tradition in the discussion of dharma bringing it into conversation with contemporary discourses on ritual The primary argument offered is that Jaimini's conception of dharma can be read as a philosophy of Vedic practice centred on the enjoinder of the subject whose stages of transformation possess the structure of a hermeneutic tradition Offering both substantive and methodological insights into the contentions within the contemporary study of ritual this book will be of interest to researchers in the fields of Hindu studies ritual studies Asian religion and South Asian studies
