Navarra The Durable Kingdom:

Navarra, the Durable Kingdom Rachel Bard,1982 *Landownership & Power Mod Eur* Martin Blinkhorn,Ralph Gibson,2002-06 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company **Queens, Empresses, Grand Duchesses and Regents** Olga S. Opfell,2024-12-12 This book presents the lives and accomplishments of 39 women rulers not in name only but wielders of real power Celebrated queens like England s Elizabeth I share equal space here with lesser known monarchs like Giovanna I of Naples and Maria da Gloria of Portugal The flamboyant such as Christina of Sweden contrast with the moralistic like Maria Theresa of Austria Each is the heroine of an often dramatic story involving dynastic interplay and court politics The complex forces that have impeded or sparked the royal performances are detailed **The Ways of Federalism in Western Countries and the Horizons of Territorial Autonomy in Spain** Alberto López - Basaguren,Leire Escajedo San Epifanio,2013-06-13 Territorial autonomy in Spain has reached a crossroads After over thirty years of development the consensus regarding its appropriateness has started to crumble The transformation project embodied by the reform of Statute of Catalonia 2006 has failed to achieve its most significant demands Although the concept of Spain as a Federation is disputed more within the country than beyond the evolution of the Spanish system needs to follow a markedly federalist path In this perspective reference models assume critical importance This edition gathers the works of a broad group of European American and Spanish experts who analyse the present day challenges of their respective systems The objective thus is to contribute ideas which might help to address the evolution of the Spanish system in the light of the experience of more established Federations This second volume focuses its attention on the difficulties and challenges faced in two particular fields On the one hand the field of intergovernmental relations and on the other questions related to the integration and acknowledgement of diversity and of Fundamental Rights with special reference to the cases of Canada and Spain Finally there is analysis of other specific aspects of the system of territorial autonomy in Spain Identity, Culture, And Politics In The Basque Diaspora Gloria Pilar Totoricagüena,2015-03-20 Gloria P Totoricagüena presents a thorough comparative examination of the remarkable endurance of Basque identity and culture in six countries of the far flung Basque diaspora Using the results of interviews and extensive anonymous surveys with more than eight hundred informants in the diaspora plus extensive research in archives and printed sources in all six of her study countries Totoricagüena reveals for the first time the complex and interrelated universe of these dispersed Basques She explores the elements of their migration patterns and the institutions that have encouraged identity maintenance the impacts on established communities of each new wave of immigrants and the nature of economic and political ties with the homeland Totoricagüena offers a superb quantitative study of an aspect of Basque culture that has been largely ignored by scholars the diaspora In doing so she enlarges the understanding of cultural identity in general how it is defined and preserved how it evolves over time and how both the politics of distant places and the most intimate family habits can shape an individual s

sense of self Identity Culture and Politics in the Basque Diaspora is a major contribution to the knowledge of Basques and their persistent political and cultural traditions *Basque Nationalism and the Spanish State* André Lecours,2007-07-13 An examination of Basque nationalism from a historical perspective Basque nationalism has been extensively examined from the perspectives of Basque culture and internal conditions in the Basque Country but Andr Lecours is among the first to demonstrate how Basque nationalism was shaped by the many forms and historical phases of the Spanish state His discussion employs one of the most debated approaches in the social sciences historical institutionalism and it includes an up to date examination of the circumstances for and consequences of recent events such as ETA s announcement in 2006 of a permanent cease fire Lecours also analyzes other aspects of Basque nationalism including the international relations of the Basque Autonomous Government as well as the responses of the contemporary Spanish state and how it deploys its own brand of nationalism Finally the book offers a comparative discussion of Basque Catalan Scottish Flemish and Quebecois nationalist movements suggesting that nationalism in the Basque Country despite the historical presence of violence is in many ways similar to nationalism in other industrialized democracies *Basque Nationalism and the Spanish State* is an original and provocative discussion that is essential reading for anyone interested in the Basques or in the development of modern nationalist movements **The Borgia Family** Jennifer Mara DeSilva,2019-10-11 *The Borgia Family* Rumor and Representation explores the historical and cultural structures that underpin the early modern Borgia family their notoriety and persistence and reinvention in the popular imagination The book balances studies focusing on early modern observations of the Borgias and studies deconstructing later incarnations on the stage on the page on the street and on the screen It reveals how contemporary observers later authors and artists and generations of historians reinforced and perpetuated both rumor and reputation ultimately contributing to the Borgia Black Legend and its representations Focused on the deeds and posthumous reputations of Pope Alexander VI and his children Cesare and Lucrezia Borgia the volume charts the choices made by the family and contextualizes them amid contemporary expectations and reactions Extending beyond their deaths it also investigates how the Borgias became emblems of anti Catholic and anti Spanish criticism in the later early modern period and their residing reputation as the best and worst of the Renaissance Exploring a spectrum of traditional and modern media *The Borgia Family* contextualizes both Borgia deeds and their modern representations to analyze the family s continuing history and meaning in the twenty first century It will be of great interest to researchers and students working on interdisciplinary aspects of the Renaissance and early modern Italy **The Queens Regnant of Navarre** Elena Woodacre,2013-09-04 The five queens of Navarre were the largest group of female sovereigns in one European realm during the Middle Ages but they are largely unknown beyond a regional audience This survey fills this scholarly lacuna focusing particularly on issues of female succession agency and power sharing dynamic between the queens and their male consorts **Iberian Worlds** Gary W. McDonogh,2009 A vivid reading of globalization through centuries of Iberian peoples places

and encounters **Berengaria of Navarre** Gabrielle Storey, 2024-06-03 Berengaria of Navarre was queen of England 1191-99 and lord of Le Mans 1204-30 but has received little attention in terms of a fully encompassing biography from Navarrese Anglophone and French perspectives This book explores her political career whilst utilising the surviving documentation to demonstrate her personal and familial partnerships and life as a dowager queen This biography follows Berengaria's journey from a Navarrese infanta raised in the northern Iberian kingdom to her travels across Europe to marriage and the Third Crusade venturing through Sicily Cyprus and on to the Holy Land in 1191 Berengaria's reign and early years as dowager queen are examined in the context of the Anglo-French conflict and domestic disputes before her decision to negotiate with the king of France Philip Augustus and become lord of Le Mans for which she is far better known in local memory The volume flows chronologically discussing her roles as infanta queen dowager and lord and is an ideal resource for scholars and those interested in the history of gender queenship lordship and Western Europe in the twelfth and thirteenth centuries
