early Christian period IV Maccabees was wrongly attributed to Josephus V Maccabees chronicles the events from Heliodorus attempt to rob the Temple treasury in 186 BC to the death of Herod the Great's two sons about 6 BC Similar to other Books of the Maccabees this work aims at consoling Jews in their sufferings and encouraging them to be steadfast in their devotion to the Mosaic law

The Five Books of Maccabees in English Hardcover Henry Cotton, 2022-09-30 There are two books of Maccabees in the Catholic Bible and none in the Protestant Bible There were and still are speculations and arguments about why these books existed in one version of the Bible and not in the other but none of them went to the core of the matter until Henry Cotton As shown in this book there are not two but five books of Maccabees Five books so rich in the history politics and religion of the Jewish people that leaving them out of any version of the Bible equals the drastic erasing of the history of an entire nation of people Henry Cotton corrects this error by researching and collecting the writings of ancient Jewish authors The work of these authors tells of the persecution of the Jews under the Seleucid dynasty details the true beginning of Hannukah and provides authentic information for the period known as the 400 Years of Silence Proving to be much more than religious text Cottons unveils the fascinating history of the Jewish people one neglected in the Protestant Bible and barely explored in the catholic one Presenting it in a manner that lets you explore history in the most engaging way **1**

Maccabees Daniel R. Schwartz, 2022-04-26 A new translation and commentary on I Maccabees that offers a fresh interpretation of the author's values and purpose First Maccabees composed in the second century BCE chronicles four decades of clashes between Hellenistic Syria and Judea from Antiochus Epiphanes's ascent to the throne in 175 BCE to the Hasmoneans establishment of an independent Judean state ruled by Simon and his sons In this volume Daniel R Schwartz provides a new translation of the Greek text and analyzes its historical significance In dialogue with contemporary scholarship the introduction surveys the work's themes sources and transmission while the commentary addresses textual details and issues of historical reconstruction often devoting special attention to the lost Hebrew original and its associations Schwartz demonstrates that 1 Maccabees despite its Hebraic biblical style and its survival within the Christian canon deviates from biblical and Judaic works by marginalizing God evincing scorn for martyrs and ascribing to human power and valor crucial historical roles This all fits its mandate justification of the Hasmonean dynasty especially the Simonides
