Noble Eightfold Paththe:

The Noble Eightfold Path Bhikkhu Bodhi, 2010-12-01 The Buddha's teachings center around two basic principles One is the Four Noble Truths in which the Buddha diagnoses the problem of suffering and indicates the treatment necessary to remedy this problem The other is the Noble Eightfold Path the practical discipline he prescribes to uproot and eliminate the deep underlying causes of suffering The present book offers in simple and clear language a concise yet thorough explanation of the Eightfold Path Basing himself solidly upon the Buddha's own words the author examines each factor of the path to determine exactly what it implies in the way of practical training Finally in the concluding chapter he shows how all eight factors of the path function in unison to bring about the realization of the Buddhist goal enlightenment and liberation *The Noble Eightfold Path* Bodhi (Bhikkhu.), 2000 This book offers a clear concise account of the Eightfold Path prescribed to uproot and eliminate the deep underlying cause of suffering ignorance Each step of the path is believed to cultivate wisdom through mental training and includes an enlightened and peaceful middle path that avoids extremes The theoretical as well as practical angles of each of the paths right view right intention right speech right action right livelihood right effort right mindfulness and right concentration are illustrated through examples from contemporary life The work's final chapter addresses the Buddhist path and its culmination in enlightenment **The Noble Eightfold Path** Bodhi (Bhikkhu.), 2007
