Nocturne A Play:

Nocturne Adam Rapp, 2002-02-10 A devastating elegant and gripping dissection of the American dream Adam Rapp's *Nocturne* signals a brave new voice in American theater Fifteen years ago I killed my sister So begins Adam Rapp's highly acclaimed play *Nocturne* in which a 32 year old former piano prodigy recounts the tragic events that tore his family apart With a keen eye for human relationships and a deft ear for language Rapp explores the aftershock of this unimaginable event The father is so incapable of forgiveness he puts a gun in his son's mouth the mother so shattered she deserts the family and eventually takes leave of her sanity altogether the son only 17 years old at the time sets out for New York City There he seeks an uneasy refuge in books and reinvents himself as a writer Across the decade and a half that follows he tries to cope with the ramifications of his own anguish and estrangement while making a desperate search for redemption **Nocturne. Ottenheimer, 2012-01-31 A remarkable blend of history and drama seen through the eyes of a noted New Orleans bluesman This extraordinary life history is the result of more than 15 years of recorded conversations pieced together into a narrative of a uniquely American experience Joseph's colorful portrayals of the characters who parade through his life document more than 70 years of changing relationships between blacks and whites In his own words he describes growing up in Louisiana working a rice plantation and how Gospel music put him on a career path His candid remarks underscore the economic necessity prevalent in a musician's life Within the tales of gigs card games and romantic exploits are intimate glimpses of legendary figures including Billie Holiday and Muddy Waters His descriptions of performing in New Orleans New York and Europe are especially revealing filled with life experiences as rich as the rhythm and lyrics of the blues he played *Living Genres in Late Modernity* Charles Kronengold, 2022-08-30 *Living Genres in Late Modernity* rehearses the American 1970s through the workings of its musical genres Exploring stylistic developments from the late 1960s through the early 1980s including soul funk disco pop the nocturne and the concerto Charles Kronengold treats genres as unstable constellations of works people practices institutions technologies money conventions forms ideas and multisensory experiences What these genres share is a significant cultural moment they arrive just after the sixties and are haunted by a sense of belatedness loss or doubt even as they embrace narratives of progress or abundance These genres give us reasons and means to examine our culture's self understandings Through close readings and large scale mappings of cultural and stylistic patterns the book's

five linked studies reveal how genres help construct personal and cultural identities that are both partial and overlapping that exist in tension with one another and that we experience in ebbs and flows
