Human Rights Obligations of Non-State Actors

Andrew Clapham

Non State Actors And Human Rights Collected Courses Of The Academy Of European Law

Andrew Clapham

Non State Actors And Human Rights Collected Courses Of The Academy Of European Law:

Collected Courses of the Academy of European Law:1997 European Community Law Academy of European Law,2001-05-23 The Academy of European Law was established by the European University Institute in 1990 and extends the Institute's current programmes into a larger field of interest. It has as its main activity the holding of annual Summer Courses in the law of the European Community and the protection of human rights in Europe. In addition to General Courses, shorter courses are held on subjects of special academic and practical interest in both fields. Finally, special guest lectures on topical issues are given by policy makers, judges, and persons who have held or currently hold the highest position in these fields. The courses are published in the language in which they were delivered: English and French. **Human Rights Obligations of Non-State Actors** Andrew Clapham,2006-03-02 The threats to human rights posed by non-state actors are of increasing concern. Human rights activists increasingly address the activity of multinational corporations, the policies of international organizations such as the World Bank and the World Trade Organization, and international crimes committed by entities such as armed opposition groups and terrorists. This book presents an approach to human rights that goes beyond the traditional focus on states and outlines the human rights obligations of non-state actors. Furthermore, it addresses some of the ways in which these entities can be held legally accountable for their actions in various jurisdictions. The political debate concerning the appropriateness of expanding human rights scrutiny to non-state actors is discussed and dissected. For some, extending human rights into these spheres trivializes human rights and allows abusive governments to distract us from ongoing violations. For others, such an extension is essential if human rights are properly to address the current concerns of women and workers. The main focus of the book, however, is on the legal obligations of non-state actors. The book discusses how developments in the fields of international responsibility and international criminal law have implications for building a framework for the human rights obligations of non-state actors in international law. In turn, these international developments have drawn on the changing ways in which human rights are implemented in national law. A selection of national jurisdictions, including the United States, South Africa, and the United Kingdom, are examined with regard to the application of human rights law to non-state actors. The book's final part includes suggestions with regard to understanding the parameters of the human rights obligations of non-state actors. Key to understanding the legal obligations of non-state actors are concepts such as dignity and democracy. While neither concept can unravel the dilemmas involved in the application of human rights law to non-state actors, a better understanding of the tensions surrounding these concepts can help us to understand what is at stake. *The Elgar Companion to UNCITRAL* Rishi Gulati,Thomas John,Ben Köhler,2023-11-03 As one of the most important international organisations in the sphere of international trade law, UNCITRAL aims to help develop and promote uniform private law internationally. This comprehensive Companion delineates the range of issues considered at UNCITRAL, as well as assessing the potential for future work and reforms. **International organisations, non-State actors, and the**

formation of customary international law Sufyan Droubi, Jean d'Aspremont, 2020-12-08 This volume offers new practical and theoretical perspectives on one of the most complex questions regarding the formation of international law namely that actors other than states contribute to the making of customary international law Notwithstanding the International Law Commission's valuable contribution the making of customary international law remains riddled with acute practical and theoretical controversies that continue to be intensively debated Making extensive reference to the case law of international law courts and tribunals as well as the most recent scholarly work on customary international law this volume provides a comprehensive study of the contribution of international organisations and non state actors to the formation of customary international law With innovative tools and guidance for law students legal scholars and researchers in law as well as legal practitioners advisers judges arbitrators and counsels this collection is essential reading for those wishing to understand and address contemporary questions of international law making

Non-State Actors and International Law Andrea Bianchi, 2017-03-02 The expression non state actors has become part and parcel of the common parlance of international lawyers Together with the traditional subjects of international law such as states and international organizations non state actors play an important role in international law making law adjudication and law enforcement processes Although the subjects actors discourse takes place in a variety of contexts most of the time the relevant narrative merely describes how different actors participate in the legal process in any given area Little attention has been drawn to the theoretical discourse about non state actors and its relation to the doctrine of the subjects of international law Whether the solution lies in relativizing the subjects or rather in subjectivizing the actors remains open to doubt The constant swing of the pendulum from the normative to the descriptive mesmerizes the observer but hardly hides the struggle for determining who may legitimately and authoritatively perform legally relevant acts on the international scene

[The Concept of Group Rights in International Law](#) Corsin Bisaz, 2012-08-28 Through a collective biography of four scholars Erich Kaufmann Hans Kelsen Hersch Lauterpacht and Hans J Morgenthau this book investigates how Jewish identity and intellectual ties to Judaic civilization in the German speaking and legal context influenced international law By using biblical constitutive metaphors it argues that Jewish German lawyers inherited inter alia a particular Jewish legal approach that framed their understanding of the law as a means to reach God The overarching argument is that because of their Jewish heritage Jewish scholars inherited the endorsement of earthly particularism for the sake of universalism and the other way around for the sake of universalism humanity's differences need to be solved through the law

The Right of Self-Defence Against Non-State Actors Eduardo Granzotto, 2021-06-07 This book is the product of the author's master's thesis defended in 2019 at King's College in the International Peace and Security programme of the Department of War Studies In light of the new contemporary threats to international peace and security and their impact on jus ad bellum rules the author questions whether the Unlawful or Unwilling Doctrine UoU used as an argument for the use of force in the recent fight against the Islamic State in Syria has a

legal basis in the context of self defence against non state actors He then goes on to explore practical ways in which the doctrine s application can be improved In the King s College s Department of War Studies the examiners described the author s thesis as an exceptional piece of scholarly work absorbing from its first line and reported that the author demonstrates a striking comprehension of complex legal questions in addition to providing coherent insightful and very sophisticated arguments Professor Granzotto s clever perceptive and opportune master s thesis led to a rich and particularly persuasive book which reflects the thoughts of a mature though young scholar ___ for whom we must predict the continuity of a superb career

Economic, Social and Cultural Rights in International Law Manisuli Ssenyonjo,2009-07-03 The effective promotion protection and fulfilment of economic social and cultural ESC rights is an important but under explored component of international human rights law of which ESC rights form an essential part They are fundamental to the dignity of every person At the international level ESC rights are protected in several international instruments the most comprehensive being the International Covenant on Economic Social and Cultural Rights the Covenant ratified by a majority of States However claims of violations of ESC rights are treated less seriously This book subjects ESC rights protected in the Covenant to a deeper analysis in light of the practice of the Committee on Economic Social and Cultural Rights while taking into account other relevant sources of ESC rights at national regional and international levels It also analyses key issues relevant to ESC rights with particular emphasis on various themes including State obligations non State actor s obligations women s ESC rights domestic protection of ESC rights and State reservations to ESC rights The book further makes a thorough examination of the rights to work health and education By so doing it demonstrates that ESC rights are justiciable and must not be marginalised The book also brings together a collection of essential materials on ESC rights needed to understand and analyse the subject Written by an international human rights scholar this timely work will be of value to all those interested in human rights and international law

Challenging Acts of International Organizations Before National Courts August Reinisch,2010-09-09 An increasing number of challenges against the activities and decisions of international organisations are brought before national courts This book offers an overview of how different courts have dealt with these cases and an analysis of the legal framework which applies to them identifying common ground across jurisdictions

The Earth Charter, Ecological Integrity and Social Movements Laura Westra,Mirian Vilela,2014-06-20 The Earth Charter is a declaration of fundamental ethical principles for building a just sustainable and peaceful global society with ecological integrity as a major theme This book provides a series of analyses of ecological integrity as it relates to the Earth Charter social movements and international law for human rights It is shown how the Earth Charter project began as a United Nations initiative but it was carried forward and completed by a global civil society initiative The drafting of the Earth Charter involved the most inclusive and participatory process of its time ever associated with the creation of an international declaration This process is the primary source of its legitimacy as a guiding ethical framework The Earth

Charter was finalized and then launched in 2000 and its legitimacy has been further enhanced by its endorsement by over 6 500 organizations including many governments and international organizations In the light of this legitimacy an increasing number of international lawyers recognize that the Earth Charter is acquiring the status of a soft law document The book also shows the strong connection between ecological integrity and social justice particularly in the defence of indigenous people and includes contributions from both the North and the global South specifically from Central and South America

International Investment Law and the Right to Regulate Lone Wandahl Mouyal, 2016-03-10 The book considers the ways in which the international investment law regime intersects with the human rights regime and the potential for clashes between the two legal orders Within the human rights regime states may be obligated to regulate including a duty to adopt regulation aiming at improving social standards and conditions of living for their population Yet states are increasingly confronted with the consequences of such regulation in investment disputes where investors seek to challenge regulatory interferences for example in expropriation claims Regulatory measures may for instance interfere with the investment by imposing conditions on investors or negatively affecting the value of the investment As a consequence investors increasingly seek to challenge regulatory measures in international investment arbitration on the basis of a bilateral investment treaty This book sets out the nature and the scope of the right to regulate in current international investment law The book examines bilateral investment treaties and ICSID arbitrations looking at the indicative parameters that are granted weight in practice in expropriation claims delimiting compensable from non compensable regulation The book places the potential clash between the right to regulate and international investment law within a theoretical framework which describes the stability flexibility dilemma currently inherent within international law Lone Wandahl Mouyal goes on to set out methods which could be employed by both BIT negotiators and adjudicators of investment disputes allowing states to exercise their right to regulate while at the same time providing investors with legal certainty The book serves as a valuable tool an added perspective for academics as well as for practitioners dealing with aspects of international investment law

Research Handbook on Disasters and International Law Marie Aronsson-Storrier, Susan C. Breau, 2024-09-06 This thoroughly revised second edition investigates the role of international law in preventing preparing for and responding to both sudden and slow onset disasters With both revised and entirely new chapters this Research Handbook explores international law in light of significant contemporary global challenges and developments in theory law and practice

Global Order Beyond Law Thomas Dietz, 2014-12-01 Well functioning contract law is a crucial prerequisite for economic development However even though international trade has increased enormously in recent decades we still know little about the contract enforcement mechanisms that exist in today's globalised markets The aim of this work is to shed light on the governance of complex cross border contracts by developing a comprehensive theoretical framework for understanding the relevance of both formal and informal institutions This framework is then applied to an empirical study of cross border software development contracts

Combining a unique data set of 41 qualitative expert interviews with statistical data and surveys the author demonstrates that state contract laws show fundamental signs of dysfunction across borders Companies engaged in globalised exchange therefore rarely use this mechanism Even the European Union s supranational enforcement order is in practice insignificant Against all expectations international commercial arbitration also turns out to be limited in its ability to provide a workable legal infrastructure for global commerce With global trade lacking a reliable formal legal order companies have reacted by creating their own informal governance structures This book explains how complex exchange in global markets has emerged in the absence of a global legal order

Collective Self-Defence in International Law James A. Green, 2024-01-25 Collective self defence can be defined as the use of military force by one or more states to aid another state that is an innocent victim of armed attack However it is a legal justification that is open to abuse and its exercise risks escalating conflict Recent years have seen an unprecedented increase in the number of collective self defence claims It has been the main basis for US led action in Syria 2014 and was advanced by Russia in relation to its full scale invasion of Ukraine 2022 Yet there still has been little analysis of collective self defence in international law This book crucially progresses the debate on various fundamental and under explored questions about the conceptual nature of collective self defence and the requirements for its operation Green provides the most detailed and extensive account of collective self defence to date at a time when it is being invoked more than ever before

Recueil Des Cours de L'Academie de Droit Européen , **Non-state Actors and Human Rights** New York University. Center for Human Rights and Global Justice, 2005 The not a cat syndrome can the international human rights regime accommodate non state actors Philip Alston The changing international legal framework for dealing with non state actors August Reinisch The evolving status of NGOs under international law a threat to the inter state system Menno T Kamminga Economic social and cultural human rights and the International Monetary Fund Francois Gianviti Catching the conscience of the king corporate players on the international stage Celia Wells and Juanita Elias Corporate responsibility and the international law of human rights the new Lex Mercatoria Ralph G Steinhardt The accountability of multinationals for human rights violations in European law Olivier de Schutter Human rights responsibilities of business as non state actors David Weissbrodt and Muria Kruger

Beyond Human Rights Anne Peters, 2016-10-27 Beyond Human Rights previously published in German and now available in English is a historical and doctrinal study about the legal status of individuals in international law

Human dignity and fundamental rights in South Africa and Ireland Anne Hughes, 2014-04-11 Post apartheid South Africa has yielded enlightened judicial decisions in contrast to the limited interpretation of human rights in Ireland The value of human dignity with its central position in international law underpins both countries Constitutions but has left a more striking mark in South Africa There it has impacted significantly on punishment for crimes family life children s rights defamation sexual violence investigations substantive equality and socio economic rights Practical guidance can be gleaned from South Africa to revitalise Irish jurisprudence While its focus is on South Africa and Ireland this

book draws on the experience of many countries and regions

Non State Actors And Human Rights Collected Courses Of The Academy Of European Law Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore

some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Non State Actors And Human Rights Collected Courses Of The Academy Of European Law free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Non State Actors And Human Rights Collected Courses Of The Academy Of European Law free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Non State Actors And Human Rights Collected Courses Of The Academy Of European Law free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Non State Actors And Human Rights Collected Courses Of The Academy Of European Law. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Non State Actors And Human Rights Collected Courses Of The Academy Of European Law any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Non State Actors And Human Rights Collected Courses Of The Academy Of European Law Books

What is a Non State Actors And Human Rights Collected Courses Of The Academy Of European Law PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Non State Actors And Human Rights Collected Courses Of The Academy Of European Law PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Non State Actors And Human Rights Collected Courses Of The Academy Of European Law PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Non State Actors And Human Rights Collected Courses Of The Academy Of European Law PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Non State Actors And Human Rights Collected Courses Of The Academy Of European Law PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
