Nonviolence And Israel Palestine Institute For Peace:

Nonviolence and Israel/Palestine Johan Galtung,1989 **Violence and Nonviolence** Peyman Vahabzadeh,2019-02-07
Through an original and close reading of the key literature regarding both revolutionary violence and nonviolence this book collapses the widely assumed concepts of violence and nonviolence as mutually exclusive By revealing that violence and nonviolence are braided concepts arising from human action Peyman Vahabzadeh submits that in many cases the actions deemed to be either violent or nonviolent might actually produce outcomes that are not essentially different Vahabzadeh offers a conceptual phenomenology of the key thinkers and theorists of both revolutionary violence and various approaches to nonviolence Arguing that violence is inseparable from civilizations Violence and Nonviolence concludes by making a number of original conceptualizations regarding the relationship between violence and nonviolence exploring the possibility of a nonviolent future and proposing to understand the relationship between the two concepts as concentric not opposites

Nonviolent Resistance in the Second Intifada M. Hallward,2011-09-26 Offering diverse perspectives from scholars practitioners and activists this book illustrates the potential strengths and challenges of unarmed resistance in Palestine by Palestinians as well as of internationals and Israelis acting in solidarity **Palestine's Horizon** Richard Falk,2017-03-20
Richard Falk has dedicated much of his life to the study of the Israel Palestine conflict In Palestine s Horizon he brings his experiences to bear on one of the most controversial issues of our times After enduring years of violent occupation the Palestinian movement is exploring different avenues for peace These include the pursuit of rights under international law through the UN and International Criminal Court and the new emphasis on global solidarity and non violent militancy embodied by the Boycott Divestment and Sanctions Campaign BDS In focusing on these new tactics of resistance Falk refutes the notion that the Palestinian struggle is a lost cause He also reflects on the legacy of Edward Said and the importance of his humanist thought in order to present a vision of peace that is mindful of the formidable difficulties of achieving a just solution to the long conflict *Wielding Nonviolence in the Midst of Violence* Ellen Furnari (editor),2016-04-08 Unarmed

civilian peacekeeping or protection UCP is a generic term that gives recognition to a wide range of activities by unarmed civilians to reduce violence and protect civilians in situations of violent conflict There are many non governmental as well as governmental organisations that engage in UCP using a variety of methods and approaches This study examines UCP in four conflict affected regions Colombia Mindanao Philippines Palestine Israel and South Sudan It focuses on what is emerging as good practice in these varied contexts and whether any commonalities can inform the expanded use of UCP **The Strategy of Nonviolent Defense** Robert J. Burrowes,2015-10-26 Because of the way in which the history of nonviolence has been marginalized relatively few people have a sense of the rich history of nonviolent struggle or realize that it can be systematically planned and applied Nevertheless the historical record illustrates that nonviolent struggle is a powerful form of political action But can it be effective against military aggression The Strategy of Nonviolent Defense answers this

question in the affirmative by first defining the notion of social cosmology the four mutually reinforcing features that determine the character of any society It then devotes attention to strategies for dealing with conflict in particular to developing a strategic theory and framework for planning a strategy of nonviolent defense In order to develop this theory Burrowes synthesizes insights drawn from the strategic theory of Carl von Clausewitz the nonviolence of Mahatma Gandhi and recent human needs and conflict theory
