

A man in a dark leather jacket and dark pants is walking away from the camera on a wet, reflective street at night. The street is illuminated by a warm, yellowish light, possibly from a street lamp, creating a moody and atmospheric scene. The background is dark and out of focus, showing the silhouettes of buildings.

Option For Murder:

Behavioral Law and Economics Cass R. Sunstein, 2000-03-28 This exciting volume marks the birth of a new field one which attempts to study law with reference to an accurate understanding of human behavior It reports new findings in cognitive psychology which show that people are frequently both unselfish and over optimistic that people have limited willpower and limited self control and that people are boundedly rational in the sense that they have limited information processing powers and frequently rely on mental short cuts and rules of thumb Understanding this behavior has large scale implications for the analysis of law in areas including environmental protection taxation constitutional law voting behavior punitive damages for civil rights violations labor negotiations and corporate finance With a better knowledge of human behavior it is possible to predict the actual effects of law to see how law can promote society's goals and to reassess the questions of what law should be doing

Encountering the Medieval in Modern Jewish Thought James A. Diamond,Aaron W. Hughes,2012-08-01 The term medieval performs a great deal more intellectual work in modern Jewish Thought than simply acting as a referent to a particular historical era During the nineteenth century often for Jews who were increasingly alienated from their own tradition the medieval functioned primarily as a bearer of identity in a rapidly changing and secular world Each chapter in *Encountering the Medieval in Modern Jewish Thought* addresses a different return to the medieval ranging from the Enlightenment to the contemporary period that clothed itself in the language of renewal and of retrieval The volume engages the full complexity and range of meaning the term medieval carries for modern Jewish Thought *The Victorian Mansion Murders* John A. Miller Jr,2012-08-13 Art Parker an unemployed journalist answers an ad for employment but the ad has few details about what the job entails or where he ll be working He gets the job after an evening interview at a huge Victorian style mansion miles from anywhere The owner an incredibly wealthy old man hires Art as live in writing coach for his teenage granddaughter That sounds like an easy relaxing sort of job at least until the next afternoon when Art and Mary Ann she s the granddaughter find the housemaid dead on the girl s bedroom floor An out of control sheriff a bizarrely named lawyer a beautiful librarian a marvelous cook and a huge valet gardener clutter the landscape and add a pile of confusion while Art and Mary Ann decide to do some detecting on their own What do they turn up Another body After enlisting the help of Mary Ann s friend Jennifer the unlikely sleuths eventually solve both murders but not before nearly becoming victims themselves
