reliance on earthly riches and how God would bless the man who kept to these principles and felt that laying his own experiences bare would prove the truth of his claims His personal income from unsolicited gifts he refused any kind of salary rose from 151 in 1831 to more than 2 000 in 1870 However he retained only around 300 a year for himself and his family the rest he gave away Miller's faith in God strengthened day by day and he spent hours in daily prayer and Bible reading
