Motivating Learners in the Classroom Gavin Reid, 2007-10-09 This is a rare find: a book that manages to turn educational theory into accessible practice. It will appeal to teachers, managers, support staff and anyone interested in how we learn. This is a book relevant to everyone.

involved in education as it gets right to the heart of what makes us achieve motivation An empowering read don't miss it
Support for Learning As the title suggests motivation is a key theme and this is explored with reference to theoretical
perspectives on learning and how these can be translated into practice A real strength of the book lies in its emphasis on the
importance of managing learning and developing effective whole school approaches to improving the motivation of pupils
SENCO Update Help all your students become better learners This book tells you how to recognise and meet the individual
needs of different kinds of learners and provides adaptable strategies for helping every learner develop their own successful
approach to learning Packed full of advice the book contains o ideas for ways to motivate all pupils o a chapter on learning
styles in the early years o advice on how to create the best learning environment possible o questionnaires memory games
and organizational charts o key practice points o visual summaries at the end of each chapter The practical ideas offered in
this book will be invaluable to all class teachers trainee teachers and SENCOs
