Researcher's Guide to Sources on Soviet Social History in the 1930s Sheila Fitzpatrick,Lynne Viola,2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases Revolutionary Acts Lynn Mally,2000 During the Russian Revolution and Civil War amateur theater groups sprang up in cities across the country Workers peasants students soldiers and sailors provided entertainment ranging from improvisations to gymnastics and from propaganda sketches to the plays of Chekhov In *Revolutionary Acts* Lynn Mally reconstructs the history of the amateur stage in Soviet Russia from 1917 to the height of the Stalinist purges Her book illustrates in fascinating detail how Soviet culture was transformed during the new regime s first two decades in power Of all the arts theater had a special appeal for mass audiences in Russia and with the coming of the revolution it took on an important role in the dissemination of the new socialist culture Mally s analysis of amateur theater as a space where performers their audiences and the political authorities came into contact enables her to explore whether this culture emerged spontaneously from below or was imposed by the revolutionary elite She shows that by the late 1920s Soviet leaders had come to distrust the initiatives of the lower classes and the amateur theaters fell increasingly under the guidance of artistic professionals Within a few years state agencies intervened to homogenize repertoire and performance style and with the institutionalization of Socialist Realist principles only those works in a unified Soviet canon were presented
