Nachdenken Über Musik:

Hegels Seele oder Die Kühe von Wisconsin Alessandro Baricco, 2021-06-02 Hegel zufolge soll Musik die Seele erheben In Wisconsin stieg bei Khen die Milchproduktion signifikant an als sie Symphonien horten Klassische Musik tut also einfach gut Allerdings Beethovens Ode an die Freude erklingt heute sowohl mit der Europahymne als auch zu den sadistischen Gewaltakten von A Clockwork Orange Ist die Klassik anderen Musikrichtungen wirklich moralisch und geistig überlegen Was ist ihr Stellenwert in unserer Zeit Sie als absoluten Wert zu verkaufen tut dieser Musik unrecht meint Baricco ob Interpret oder Zuhörer es ist an uns sie wieder zu etwas durch und durch Lebendigem zu machen Mit seinen spritzigen brillant formulierten Fragen und Überlegungen tritt Baricco in einen lebhaften Dialog mit allen denen Musik am Herzen liegt

Nachdenken über Musik Alfred Brendel, 1987 **Musik - und die Geschichte der Philosophie und Naturwissenschaften im Mittelalter** Hentschel, 2021-10-25 The medieval term musica was used in a broader sense than the modern term music As a subject of the Quadrivium musica was a mathematical subject in its own right which is foreign to modern musical thinking As part of philosophy musica figured within a manifold network of sciences e.g. Astronomy Natural Philosophy which since ca 1200 were taught properly in the Faculty of Arts Containing articles by specialists in medieval music and philosophy this volume highlights aspects of the emergence and theory of knowledge and the appearance of more aesthetic conceptions of music **"Was, glaubst Du, kannst Du in Musik?"** Thomas Busch, 2013 Rhythmisches und musikalisches Lernen Maria Spychiger, 2008 Musik machen inmitten Anderer Dennis Eckhardt, 2019 Chormusik ist in Deutschland seit Langem fest verankert und erfreut aktuell wieder verstärkten Aufwind Zu selten wird jedoch Chormusik kritisch hinterfragt Werden Singende in Chören nur zu festsamen Körpern herangezogen Ist der Chor wirklich ein soziales Projekt bei dem die Herkunft der Menschen unerheblich ist Warum gibt es so wenige Frauenchöre in Deutschland obwohl Dreiviertel aller Singenden Frauen sind Ausgehend von autoethnografischen Essays wird das Projekt Chor kritisch fokussiert und Alternativen erarbeitet Einzelne im Chor sichtbar halten Positionen der Chorleitung transparent machen Sinnbezüge hinterfragen und Musik als sozio-kulturelle Handlung offenlegen *Classical Music in Weimar Germany* Brendan Fay, 2019-10-03 From Hitler's notorious fondness for Wagner's operas to classical music's role in fuelling German chauvinism in the era of the world wars many observers have pointed to a distinct relationship between German culture and reactionary politics In *Classical Music in Weimar Germany* Brendan Fay challenges this paradigm by reassessing the relationship between conservative musical culture and German politics Drawing upon a range of archival sources concert reviews and satirical cartoons Fay maps the complex path of classical music culture from Weimar to Nazi Germany a trajectory that was more crooked uneven or broken than straight Through an examination of topics as varied as radio and race to nationalism this book demonstrates the diversity of competing aesthetic philosophical and political ideals held by German music critics that were a hallmark of Weimar Germany Rather than seeing the cultural conservatism of this period as a natural prelude for

the violence and destruction later unleashed by Nazism this fascinating book sheds new light on traditional culture and its relationship to the rise of Nazism in 20th century Germany *Music in World War II* Pamela M. Potter, Christina L. Baade, Roberta Montemorra Marvin, 2020-10-06 A collection of essays examining the roles played by music in American and European society during the Second World War Global conflicts of the twentieth century fundamentally transformed not only national boundaries power relations and global economies but also the arts and culture of every nation involved An important unacknowledged aspect of these conflicts is that they have unique musical soundtracks Music in World War II explores how music and sound took on radically different dimensions in the United States and Europe before during and after World War II Additionally the collection examines the impact of radio and film as the disseminators of the war s musical soundtrack Contributors contend that the European and American soundtrack of World War II was largely one of escapism rather than the lofty solemn heroic and celebratory mode of war music in the past Furthermore they explore the variety of experiences of populations forced from their homes and interned in civilian and POW camps in Europe and the United States examining how music in these environments played a crucial role in maintaining ties to an idealized home and constructing politicized notions of national and ethnic identity This fascinating well constructed volume of essays builds understanding of the role and importance of music during periods of conflict and highlights the unique aspects of music during World War II A collection that offers deeply informed interdisciplinary and original views on a myriad of musical practices in Europe Great Britain and the United States during the period Gayle Magee co editor of *Over Here Over There Transatlantic Conversations on the Music of World War I* **Funktionen von Musik in der modernen Industriegesellschaft** Paul Riegenbach, 2000
