Coaching Ministry Teams Kenneth O. Gangel, 2006-10-18 In competitive sports we prize teamwork We know that a mature team will usually beat an astounding collection of individual players The burden of creating such esprit de corps falls

to the coach and the team of leaders he has assembled After all a team without a coach cannot win But what happens when the coach himself does not understand the dynamics of teamwork In a similar manner every leader of every church is a coach of sorts with a ministry team responsible for the life of the church The question put to you as a pastor is this Are you a team player Even more to the point Whose team are you building Too many church leaders writes author Kenn Gangel have fallen into the trap of personal kingdom building a focused concern on one's own and present ministry without a wider recognition of kingdom participation The net effect of this condition has led to narrow vision stunted church growth and frustrated relationships within the body of Christ In contrast Gangel explores broad and penetrating support throughout the Word of God for team based inclusive cooperative leadership From Jethro's advice to Moses all the way to Jesus's approach to discipleship biblical leadership is viewed as a tool to be shared a model of servanthood mentoring and the mutual interdependence of gifts Along the way Gangel explores the character attributes of successful biblical leadership common things like humility patience and quiet dignity From there he reveals how these qualities open an authentic leader up to the wide and thrilling possibilities of working hand in hand with others in the Lord's work together **American Book**

Publishing Record, 1999 Foul Play in the Nonprofit Sector Mark S. LeClair, 2024-09-17 It is quite easy to find corruption within nonprofits This is particularly the case in the subsector of not for profits that are incorporated as traditional 501 c 3 entities With the continuing erosion of public confidence in charities these institutions must act now both individually and collectively to bolster trust and ensure public support for nonprofits that has been a hallmark of American democracy This book explores the causes of malfeasance in the nonprofit realm It examines how the current inadequate regulatory environment together with inherent agency problems can lead organizations astray as they turn away from fulfilling donor wishes to instead act in their own self interest The book highlights the distinction between soft corruption in the nonprofit sector and hard corruption The former includes the misuse of donor funds that do not cross the line into illegality and the latter covers explicitly illegal misappropriation of contributions In Foul Play in the Nonprofit Sector economist Mark S LeClair provides constructive overviews regarding charity evaluation Is it truly fair to judge nonprofits on their financials The financial figures so frequently dictate the value of a nonprofit and this often isn't the best way to judge a charity's performance The manuscript includes suggestions for internal sectoral changes and regulatory reforms that can deter corruption at nonprofits The Efficiency and Effectiveness of Renegotiation Board Operations: Testimony of Vice Admiral H.G. Rickover. pt. 2. Renegotiation Board operations United States. Congress. House. Committee on Government Operations. Government Activities Subcommittee, 1970
