Namibia Land Of Tears Land Of Promise:

Namibia, Land of Tears, Land of Promise Roy J. Enquist, 1990 The author explores the African symbiosis of religion and politics in Namibia The first chapter describes the collision between the land's first settlers the Africans and its second settlers the European Its moral consequence was a horrifying genocide The second chapter surveys the mix of religion and politics that determined the character of both Africans and Europeans over several generations European missionaries openly sought to transform the substance of African culture by replacing traditional religions with the biblical faith The third chapter outlines the process by which a distinctly Namibian ethic has come into being Unaffected by sectarian tradition that would sharply separate the religious community from the sociopolitical order the leadership of the churches found it possible to discern the presence of a divine call for civil justice in worldly affairs H221

Towards a

Contextualized Conceptualization of Social Justice for Post-Apartheid Namibia Basilius M. Kasera, 2024-05-31 The search for justice beyond the basic political understanding is profoundly theological and ethical In this work Dr Basilius M Kasera analyses the meaning of justice in post apartheid Namibia from a biblical perspective He argues that notions of justice carry no meaning unless they emanate from the community of the affected Every group of people by virtue of being God's image bearers are able to assess their own context and provide befitting solutions However this kind of agency has not been afforded to the post apartheid Namibian society which continues to operate on borrowed models of justice While extrapolating on Allan Boesak's beneficial theological concepts of justice Dr Kasera encourages theologians and Christians at large to participate in the creation of meaningful effective and transformative policies programmes practices systems and justice institutions
