Narcibus Eros:

Eros in a Narcissistic Culture R.D. Ellis, 2012-12-06 The Urgency of Changing Our Thinking about Eros In Atlanta recently a man broke into the apartment of his former girlfriend and brutally murdered both her and her new lover with an axe When asked later whether he had considered the consequences of being apprehended and prosecuted he responded that without his relationship to this particular woman his life had no meaning and for this reason it made no difference what happened to him All too facile explanations of such events can be devised in terms of neurological imbalances or improper child rearing practices But why are suicide the murder of spouses and lovers and other crimes of passion so much more prevalent in advanced urban industrial cultures and especially in those where people's value is assessed in terms of socioeconomic success and failure And why do the associated psychic disturbances express themselves so prominently in terms of disruption of attitudes toward love relationships It cannot be a mere coincidence that the most heinous crimes are crimes of love I shall suggest here that the most direct way to understand the most prevalent dysfunctions of the modern psyche is to understand the dysfunctions of eros The reason for this is twofold First eros is central to the project of defining meaning for conscious beings for reasons more fundamentally philosophical than anything envisioned by Freud or other drive reduction theorists

Eros in a Narcissistic Culture R. D. Ellis, 2014-01-15 **Eros and Chaos** Veronica Goodchild, 2001-05-01 A provocative book that reminds us that our soul's primary longing is for love and then explores that longing Goodchild explains that our most important task is the growth of our consciousness and that this cannot be accomplished apart from an awareness of the complexities of love and its shadows It takes the us into that domain where eros arrows thrust us into those shadowy depths where our keenest vulnerabilities and woundings and our deepest imaginings and longings are hidden

Eros & Psyche. (Revised Throughout.) By R. Bridges [or Rather, Translated by Him from the "Asinus Aureus" of Lucius Apuleius] Robert Bridges, 1894 *Eros & Thanatos* Cassandra L. Thompson, 2022-02-12 **Manikos Eros** Mark Patrick Hederman, 2000 **Eros Crucified** Matthew Clemente, 2019-11-08 Bringing contemporary philosophers theologians and psychoanalysts into dialogue with works of art and literature this work provides a fresh perspective on how humans can make sense of suffering and finitude and how our existence as sexual beings shapes our relations to one another and the divine It attempts to establish a connection between carnal bodily love and humanity's relation to the divine Relying on the works of philosophers such as Manoussakis Kearney and Marion and psychoanalysts such as Freud and Lacan this book provides a possible answer to these fundamental questions and fosters further dialogue between thinkers and scholars of these different fields The author analyzes why human sexuality implies both perversion and perfection and why it brings together humanity's baseness and beatitude Through it the author taps once more into the dark mystery of Eros and Thanatos who to paraphrase Dostoevsky forever struggle with God on the battlefield of the human heart This book is written primarily for scholars interested in the fields of philosophical psychology existential philosophy and philosophy of religion

Eros and Psyche William Rivière, 1994-01-01 On a Greek island a rich old widow plays cupid by simultaneously inviting for a few days stay her goddaughter and the ex lover whose child the goddaughter bore The novel describes the couple's reaction to the woman's maneuvers to rekindle their romance By the author of *Watercolour Sky*

The Chains of Eros Andre Green, 2019-09-27 The author a leading figure in contemporary psychoanalytic theory deplores the absence of sexuality and the erotic from current psychoanalytic theory and practice Instead he demonstrates how human sexuality forms an erotic chain The work of analysis he argues consists in following the dynamic movements of the erotic process by ascertainin
