El narrador pícaro Carlos Antonio Rodríguez Matos,1985 **Autobiography as Burla in the Guzmán de Alfarache** Nina Cox Davis,1991 This study analyzes the discursive and narratological articulations of subjectivity in Guzman de Alfarache the first picaresque novel of Spain s Golden Age Davis s study demonstrates that while the Guzman appears to affirm the relationships of power and ideologies it represents its composition underscores the contextual and mutable nature of discourses that structure society Guzmán de Alfarache Mateo Alemán,Benito Brancaforte,1996-01-01 Edici n con abundantes notas filol gicas hist ricas y culturales y con densa presentaci n de los problemas del texto y de la poca

Piñero Ramírez,2002 Importante obra de referencia sobre el autor sevillano y su principal obra en este volumen se recopilan las aportaciones de los participantes en el Seminario Internacional sobre Mateo Alem n con motivo del IV Centenario de la Publicaci n de Guzm n de Alfarache 1599 1999 **The Impenitent Confession of Guzmán de Alfarache** Judith A. Whitenack,1985 *The Quest for Certainty in Early Modern Europe* Barbara Fuchs,Mercedes García-Arenal,2020-01-29 This interdisciplinary collection explores how the early modern pursuit of knowledge in very different spheres from Inquisitional investigations to biblical polemics to popular healing was conditioned by a shared desire for certainty and how epistemological crises produced by the religious upheavals of early modern Europe were also linked to the development of new scientific methods Questions of representation became newly fraught as the production of knowledge increasingly challenged established orthodoxies The volume focuses on the social and institutional dimensions of inquiry in light of political and cultural challenges while also

foregrounding the Hispanic world which has often been left out of histories of scepticism and modernity Featuring essays by historians and literary scholars from Europe and the United States *The Quest for Certainty in Early Modern Europe* reconstructs the complexity of early modern epistemological debates across the disciplines in a variety of cultural social and intellectual locales **Conflicts of Discourse** Peter William Evans, 1990 **Latin American Writers on Gay and**

Lesbian Themes David William Foster, 1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe **Para leer el Guzmán de Alfarache y otros textos de Mateo Alemán** Michèle Guillemont, Juan Diego

Vila, 2018-01-18 El estudio y análisis de la producción literaria de Mateo Alemán escritor contemporáneo de Miguel de Cervantes ha quedado inexplicablemente relegado aunque el género picaresco en el que se inscribe su obra más conocida Guzmán de Alfarache encabezado por el Lazarillo de Tormes tuvo un sostenido éxito a lo largo de los siglos y fue objeto de exámenes minuciosos y múltiples lecturas críticas la obra de Alemán no ha sido recuperada ni para la lectura ni para la crítica en los periodos posteriores a su publicación Este volumen elaborado en conjunto se propone dar cuenta de la multiplicidad de abordajes que pueden hacerse de la obra del autor sevillano con un objetivo más amplio que el de asignarle un lugar merecido entre los estudios de la literatura española la propuesta busca despertar el interés de los lectores no académicos y animarlos al descubrimiento de un autor singular a la altura de los más notables y reconocidos ingenios de su época
