Narrative Innovation And Political Change In Mexico:

Narrative Innovation and Political Change in Mexico John Stubbs Brushwood, 1989 Narrative Innovation and Political Change in Mexico shows that novels considered as part of their social context are not simply reflections of society but often manifest change before it is apparent in the political realm The author explains this function by reference to narrative techniques as well as to thematic material He uses the other arts especially painting as corroborating factors in an exposition based on three periods of remarkable innovation in twentieth century Mexican fiction ending with the analogy of narrative fiction to politics in the nineteen eighties

The Fragmented Novel in Mexico Carol Clark D'Lugo, 2010-01-01 From Mariano Azuela's 1915 novel *Los de abajo* to Rosamar's *Amora* of 1989 fragmented narrative has been one of the defining features of innovative Mexican fiction in the twentieth century In this innovative study Carol Clark D Lugo examines fragmentation as a literary strategy that reflects the social and political fissures within modern Mexican society and introduces readers to a more participatory reading of texts D Lugo traces defining moments in the development of Mexican fiction and the role fragmentation plays in each Some of the topics she covers are nationalist literature of the 1930s and 1940s self referential novels of the 1950s that focus on the process of reading and writing the works of Carlos Fuentes novels of *La Onda* that came out of rebellious 1960s Mexican youth culture gay and lesbian fiction and recent women's writings With its sophisticated theoretical methodology that encompasses literature and society this book serves as an admirable survey of the twentieth century Mexican novel It will be important reading for students of Latin American culture and history as well as literature

Elena Garro and Mexico's Modern Dreams Rebecca E. Biron, 2012-12-15 Elena Garro and Mexico's Modern Dreams uses Elena Garro's eccentric life and work as a lens through which to examine mid twentieth century Mexican intellectuals desire to reconcile *mexicanidad* with *modernidad* The famously scandalous first wife of Nobel Prize winner poet Octavio Paz and an award winning author in her own right Garro constructed a mysterious and often contradictory persona through her very public participation in Mexican political conflicts Herself an anxious and contentious Mexican writer Elena Garro elicited profound political and aesthetic anxiety in her Mexican readers She confused the personal and the public in her creative fictions as well as in her vision of Mexican modernity This violation of key distinctions rendered her largely illegible to her contemporaries That illegibility serves as a symptom of unacknowledged desires that motivate twentieth century views of national modernity Taken together Garro's public persona and critical perspective expose the anxieties regarding ethnicity gender economic class and professional identity that define Mexican modernity Blending cultural studies and detailed literary analysis with political and intellectual history Mexico's Modern Dreams argues that in addition to the intriguing gossip she elicited in literary and political circles Garro produced a radical critique of Mexican modernity Her critique applies as well to the nation's twenty first century crisis of globalization state power and pervasive violence

The Writings of Carlos Fuentes Raymond Leslie Williams, 2010-07-01 Smitten by the modernity of Cervantes and Borges at an early age Carlos Fuentes has written extensively on the cultures of the Americas and elsewhere His work includes over a dozen novels among them *The Death of Artemio Cruz* *Christopher Unborn* *The Old Gringo* and *Terra Nostra* several volumes of short stories numerous essays on literary cultural and political topics and some theater In this book Raymond Leslie Williams traces the themes of history culture and identity in Fuentes' work particularly in his complex major novel *Terra Nostra* He opens with a biography of Fuentes that links his works to his intellectual life The heart of the study is Williams' extensive reading of the novel *Terra Nostra* in which Fuentes explores the presence of Spanish culture and history in Latin America Williams concludes with a look at how Fuentes' other fiction relates to *Terra Nostra* including Fuentes' own division of his work into fourteen cycles that he calls *La Edad del Tiempo* and with an interview in which Fuentes discusses his concept of this cyclical division

Indigeneity in the Mexican Cultural Imagination Analisa Taylor, 2013-09-25 Since the end of the Mexican Revolution in 1917 the state has engaged in vigorous campaign to forge a unified national identity Within the context of this effort Indians are at once both denigrated and romanticized Often

marginalized they are nonetheless subjects of constant national interest Contradictory policies highlighting segregation assimilation modernization and cultural preservation have alternately included and excluded Mexico's indigenous population from the state's self-conscious efforts to shape its identity Yet until now no single book has combined the various elements of this process to provide a comprehensive look at the Indian in Mexico's cultural imagination Indigeneity in the Mexican Cultural Imagination offers a much needed examination of this fickle relationship as it is seen through literature ethnography film and art The book focuses on representations of indigenous peoples in post-revolutionary literary and intellectual history by examining key cultural texts Using these analyses as a foundation Analisa Taylor links her critique to national Indian policy rights and recent social movements in Southern Mexico In addition she moves beyond her analysis of indigenous peoples in general to take a gendered look at indigenous women ranging from the villainized Malinche to the highly romanticized and sexualized Zapotec women of the Isthmus of Tehuantepec The contradictory treatment of the Indian in Mexico's cultural imagination is not unique to that country alone Rather the situation there is representative of a phenomenon seen throughout the world Though this book addresses indigeneity in Mexico specifically it has far-reaching implications for the study of indigenaety across Latin America and beyond Much like the late Edward Said's Orientalism this book provides a glimpse at the very real effects of literary and intellectual discourse on those living in the margins of society This book's interdisciplinary approach makes it an essential foundation for research in the fields of anthropology history literary critique sociology and cultural studies While the book is ideal for a scholarly audience the accessible writing and scope of the analysis make it of interest to lay audiences as well It is a must-read for anyone seeking a deeper understanding of the politics of indigeneity in Mexico and beyond

The Fiction of Juan Rulfo Amit Thakkar, 2012 This is the first extended English language study to focus exclusively on the fiction of Juan Rulfo in over twenty years analyzing a selection of short stories from Rulfo's collection and also two of the main characters of his masterpiece Pedro Páramo This is the first extended English language study to focus exclusively on the fiction of Juan Rulfo in over twenty years It contains innovative analyses of a selection of short stories from Rulfo's collection El llano en llamas 1953 It also examines in great depth two of the main characters of Pedro Páramo 1955 Rulfo's masterpiece and only novel The book shows how Rulfo's works can be read as exercises in irony directed against the rhetoric of post-Revolutionary

Mexican governments It also demonstrates the relevance of certain legacies of colony in Rulfo's use of irony Successive Mexican governments promoted a vision of post Revolutionary society founded on specific notions of ethnicity family nation education religion and rural politics The author combines examination of the speeches images and newspaper articles which disseminated this vision with incisive literary analyses of Rulfo's work These analyses are informed both by his original theory of irony based on internal and external referents and by existing postcolonial theories particularly those of Homi K Bhabha Amit Thakkar is a Lecturer in Hispanic Studies at Lancaster University
