Narrative Preaching Stories From The Pulpit

Richard L. Thulin

Narrative Preaching Stories From The Pulpit:

Narrative Preaching David P. Mulder, 1996 Here at last is a book on narrative preaching that practices the method it preaches not only supplying a variety of excellent narrative sermons to demonstrate the technique but also employing the story method even in introducing the subject *The Old, Old Story* Joe Cothen, 2003 Encouragement guidance and instruction on one of the most interesting forms of proclamation **The Story of Narrative Preaching** Mike Graves, 2015-03-02 Forty years ago the one thing that could be said about sermons was they were biblical Unfortunately they were sometimes tedious too Narrative preaching aimed to fix that advocating for a dynamic experience of the text over against a static lecture Preaching could be like the parables of Jesus intriguing and compelling The Story of Narrative Preaching is the story of seven students who are enrolled in Professor Freeman's preaching course Once a new trend narrative preaching is now older than most of them As Professor Freeman notes two things went wrong with narrative styles over time the church became biblically and theologically illiterate and the promised stress on experience didn't always measure up to the weight of the gospel Readers are invited to sit in on the class to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers Flannery O'Connor Alice Walker and others to see what they might teach us about narratives of depth In the end we discover what may be the most important word in preaching

The Preacher As Storyteller Austin B. Tucker, 2008 The Preacher as Storyteller takes a skills development approach to its timely homiletics topic In short author Austin B Tucker reasons that You can greatly improve your preaching by sharpening storytelling skills A story can touch the latch spring of the heart to let the life changing gospel come in This book clearly helps pastors and pastoral students improve the effectiveness of their preaching by better understanding and employing the techniques of great storytelling **Preaching from Inside the Story** Jeffrey W. Frymire, 2022-06-02 Preaching from Inside the Story is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle's foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture Preaching from Inside the Story breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching What's the Shape of Narrative Preaching? Mike Graves, 2012 They are there after an

urgent need a moment of desperation Like Ellen Cardwell s telling of a highway angel who helped Ellen and her husband resume their trip after car trouble on California s desolate Highway 1 Or Delores Topliff s memory from her childhood when on the brink of starvation an angel on a bicycle dropped off bags of groceries These stories will challenge and reward your faith in God a God Who tells us to entertain strangers and possibly Heavenly Company Contained within this book is an exclusive collection of real life encounters with God s angels and mysterious helpful strangers Best selling author Cecil Murphey coauthor of 90 Minutes in Heaven and more than one hundred other books and his cowriter Twila Belk masterfully bring together brand new reports from all over the world that share one thing in common the way in which God uses messengers to touch our lives Filled with hundreds of pages of stories that will excite your spirit and touch your heart you ll travel from Africa to Texas to Russia and back again Curl up with this powerful book and read amazing true accounts of individuals who have encountered angels both seen and unseen *Finding the Plot* Roger Standing,2012-03-16

Endorsements Preaching at its best is truth on fire The real quality of this book is that it has been created from the author s own experience of the local pastorate and is concerned with practical insights and realities I warmly recommend it David Coffey Moderator of the Free Churches and General Secretary of the Baptist Union For some the phrase finding the plot suggests a stroll through a graveyard which is much like their view of preaching But Roger Standing uses the phrase to describe narrative preaching an approach that helps preachers accomplish their essential task to raise the dead Marshall Shelley Vice President Christianity Today International and editor of Leadership This book from a seasoned practitioner and an able thinker will provide the signposts required by many either for transforming their preaching style in mid career or for setting off on the right foot Nigel G Wright Principal of Spurgeon s College London Roger Standing breezily shares his enthusiasm for narrative preaching He combines theory about narrative and its cultural relevance with practical advice and preaching examples A helpful stimulus to any preacher to branch out into narrative preaching Michael Quicke Charles Koller Professor of Preaching and Communications Author Biography Roger Standing is the Deputy Principal of Spurgeon s College in London England where he teaches Mission Evangelism and Pioneer Ministry His other publications include Preaching for the Unchurched in an Entertainment Culture and Re Emerging Church strategies for reaching a returning generation

Telling the Whole Story John C. Holbert,2013-03-01 Telling the Whole Story is both a book about preaching and reading the narratives of the Hebrew Bible John C Holbert PhD in Hebrew Bible was a longtime teacher of preaching and Hebrew Bible at Perkins School of Theology Southern Methodist University having retired in 2012 after thirty three years In this volume he combines his two skills of careful narrative reading and imaginative story preaching to offer the first comprehensive look at this particular kind of sermon proclamation The reader will also find here an introduction to the long history of story preaching in the history of the church as well as a primer both in ways to read the narratives more effectively and ways to preach several varieties of story sermons At the heart of this book four narratives from the Hebrew Bible are

exegeted and are accompanied by four story sermons based on those texts Genesis 23 1 Samuel 15 Judges 4 and Jonah The goal of the book is to help preachers who are looking for effective ways to proclaim the gospel using narrative texts from the Hebrew Bible to allow the rich stories of the texts to sound their ancient truth to the modern world Lament-Driven Preaching Eliana Ah-Rum Ku, 2024-03-04 This book challenges Christian communities to engage in lament a mode of existence characterized by impassioned expression witnessing and personal or social protest in the face of evil and injustice reflecting a profound yearning for God's saving presence Divine lament responds to and expresses solidarity with human suffering unveiling multiple facets of God's image and demonstrating a profound sense of divine compassion Drawing on the Book of Lamentations Korean concepts related to suffering han and hanpuri the Paschal Triduum narratives and recent homiletic discourses on suffering the author investigates how complex issues related to grief and hope can be addressed in preaching without diminishing the harsh reality of affliction Designed to assist preachers this book encourages a more intentional approach to addressing suffering specifically by advocating for lament as a transitional space between affliction and hope Furthermore readers are invited to contemplate the significance of the church which within a world in decline embodies the body of Christ manifesting both the demise and resurrection of God The "I" of the Sermon Richard L. Thulin, 2004-11-22 The issues are clear If one preaches Christ how does one avoid preaching oneself How do you avoid the fall into Narcissus pond What allows one's humility to show How much does one dare reveal about oneself Thulin handles these questions with sensitivity and skill using his own and others sermons for examples and critique He carefully and incisively describes four types of personal story available to preachers the features and functions of each and the degree of the preacher's self disclosure allowed by each Most of his book deals with the personal story as self portrayal that type being the most comprehensive form of first person narrative An appendix includes three sermons one each by Edmund Steimle Martin Luther King Jr and John Vannorsdall often used to disclose the intent of Thulin's I in this book
