Natural Law And Practical Rationality:

Natural Law and Practical Rationality Mark C. Murphy, 2001-06-11 Natural law theory has been undergoing a revival especially in political philosophy and jurisprudence Yet most fundamentally natural law theory is not a political theory but a moral theory or more accurately a theory of practical rationality According to the natural law account of practical rationality the basic reasons for actions are basic goods that are grounded in the nature of human beings Practical rationality aims to identify and characterize reasons for action and to explain how choice between actions worth performing can be appropriately governed by rational standards These standards are justified by reference to features of the human goods that are the fundamental reasons for action This book is a defence of a contemporary natural law theory of practical rationality demonstrating its inherent plausibility and engaging systematically with rival egoist consequentialist Kantian and virtue accounts

God and Moral Obligation C. Stephen Evans, 2013-03-01 Is there a connection between religion and morality Ivan Karamazov in Dostoevsky's *The Brothers Karamazov* famously declares that if God does not exist then everything is permitted Most philosophers reject such a view and hold that moral truths do not depend on God C Stephen Evans argues that the truth lies somewhere between these two claims It is not quite right to say that there would be nothing left of morality if God did not exist but moral obligations do depend on God ontologically Such obligations are best understood as God's commands or requirements communicated to humans in a variety of ways including conscience In *God and Moral Obligation* Evans also argues that two views often thought to be rivals to a divine command morality natural law ethics and virtue ethics are not rivals at all but provide necessary complementary elements of a comprehensive morality A number of objections to a divine command account of moral obligations are posed and answered In the concluding chapters Evans points out the advantages such an account has over secular rivals The authority and objectivity of moral obligations are best explained by seeing them as divine commands

The Problem of Natural Law Douglas Kries, 2008-01-01 *The Problem of Natural Law* examines the understanding of conscience offered by Thomas Aquinas who provided the classic statement of natural law The book suggests that natural law theory could be improved by bracketing Thomistic conscience and then shows how a natural law position thus revised would be able to answer the most important critics of natural law in contemporary times

Research Handbook on Natural Law Theory Jonathan Crowe, Constance Youngwon Lee, 2019 p p1 margin 0 0px 0 0px 0 0px 0 0px font 10 0px Arial p p2 margin 0 0px 0 0px 0 0px 0 0px font 10 0px Arial min height 11 0px span s1 font 10 0px Helvetica This thought provoking Research Handbook provides a snapshot of current research on natural law theory in ethics politics and law showcasing the breadth and diversity of contemporary natural law thought The Research Handbook on Natural Law Theory examines topics such as foundational figures in Western natural law theory natural law ideas in a variety of religious and cultural traditions normative foundations of natural law as well as issues of law and governance Featuring contributions by leading international scholars this Research Handbook offers a valuable resource for scholars in law

philosophy religious studies and related fields *Objectivity in Jurisprudence, Legal Interpretation and Practical Reasoning*
 Villa-Rosas, Gonzalo, Fabra-Zamora, Jorge L., 2022-10-18 This thought provoking book explores the multifaceted phenomenon of objectivity and its relations to various aspects of jurisprudence legal interpretation and practical reasoning Featuring contributions from an international group of researchers from differing legal contexts it addresses topics relevant not only from a theoretical point of view but also themes directly connected with legal and judicial practice *Nature and Command*
 J. Caleb Clanton, Craig Martin, 2023-08-18 Since at least the time of Plato religious explanations of the metaphysical foundations of morality have typically fallen into one of two camps natural law theory according to which morality is fundamentally explained by facts about human nature facts that God is responsible for and divine command theory which holds that moral obligations arise directly from God's commands or some other prescriptive act of the divine will J Caleb Clanton and Craig Martin offer an accessible analysis of these traditional views reconstruct the various arguments for and against them and offer an extended consideration of the historical emergence of the divide between these positions within the Christian tradition Nature and Command goes on to develop and defend a theory that combines these two views a metaethical approach that has not yet received the scholarly attention it deserves Along the way the authors make use of underexplored theological resources drawn from the Stone Campbell movement a nineteenth century restoration movement that culminated in one of the largest Protestant groups in America by the dawn of the twentieth century Nature and Command summons the resources of this particular Christian heritage its first principles call for unity and ecumenism to solve one of the great dilemmas of moral philosophy and theology dating back to Plato's Euthyphro This historically aware argumentatively rigorous and highly readable volume will serve as a valuable resource for moral philosophy and ethics as well as for mining the Stone Campbell Restoration tradition for historical and theological insights **Practical Reasoning in Human Affairs** J. L. Golden, J. J. Pilotta, 2012-12-06 This anthology of original essays has been nearly two and one half years in the making and reflects the generous effort of many persons To begin with we thank the contributors to the volume who not only cooperated with regards to their own works but who also provided valuable advice concerning the over all volume One of the contributors was outstanding in his assistance and warrants special mention we thank Professor Michel Meyer for his encouragement counsel and dedication to see this project to completion We would also like to thank Professor Jaakko Hintikka for his encouragement and Mrs Kuipers of Reidel for her patience and understanding along the way A project such as this could never have been completed without the unique assistance of members of the Department of Communication Ohio State University Ms Kimberly Pasi and Mr Charles Mawhirtcr Also special thanks are due to our graduate research assistant Ms Susan Jasko for her proofreading and bibliographic work The pressures of developing a Festschrift are considerable and could not have been met without the cooperation and enthusiasm of Mrs Perelman especially in allowing us to publish Professor Perelman's address to Ohio State University as our introduction **Natural**

Law Theory Robert P. George, 1992 This volume presents twelve original essays by contemporary natural law theorists and their critics Natural law theory is enjoying a revival of interest today in a variety of disciplines including law philosophy political science and theology and religious studies These essays offer readers a sense of the lively contemporary debate among natural law theorists of different schools as well as between natural law theorists and their critics

Natural Law and the Nature of Law Jonathan Crowe, 2019-04-25 Presents a systematic contemporary defence of the natural law outlook in ethics politics and jurisprudence

Learning from MacIntyre Ron Beadle, Geoff Moore, 2022-06-30 Alasdair MacIntyre is one of the major philosophers of the late twentieth and early twenty first century Best known for *After Virtue* first published in 1981 his output spans seven decades and has been unusually wide ranging in its impact As MacIntyre enters his tenth decade this book pays tribute not just to his work but to its influence across disciplines outside philosophy Beginning with an intellectual biography the chapters that follow written by leading scholars in their fields explore MacIntyre's contributions to theology Thomism moral philosophy classical philosophy political philosophy Marxism the Frankfurt School communication business ethics sociology education law and therapeutic method Essential reading for scholars from across these disciplines and for anyone who wishes to understand MacIntyre's contributions *Learning from MacIntyre* not only helps readers to appreciate what we may learn from this influential thinker but also illustrates his work's continuing significance going forward

Natural Law in Jurisprudence and Politics Mark C. Murphy, 2006-03-13 Natural law is a perennial though poorly represented and understood issue in political philosophy and the philosophy of law In this 2006 book Mark C Murphy argues that the central thesis of natural law jurisprudence that law is backed by decisive reasons for compliance sets the agenda for natural law political philosophy demonstrating how law gains its binding force by way of the common good of the political community Murphy's work ranges over the central questions of natural law jurisprudence and political philosophy including the formulation and defense of the natural law jurisprudential thesis the nature of the common good the connection between the promotion of the common good and requirement of obedience to law and the justification of punishment

Ethics, Politics, and Natural Law Melissa Moschella, 2025-03-01 A rigorous but accessible overview of the new natural law account of ethics and political philosophy The foundational principles of ethics and politics are principles that guide us to respect and promote human flourishing In *Ethics Politics and Natural Law* Melissa Moschella provides an accessible explanation and development of the new natural law account of these principles while clarifying common misconceptions As a commonsense ethical theory natural law grounds ethics in the fundamental dimensions of human flourishing Moschella lays out the basic principles of natural law their relationship to the virtues and their social and political implications Highlighting the importance of communities for flourishing Moschella explains how this should shape our understanding of justice and the common good and shows how natural law principles support limited government and civil liberties She also considers the relationship between morality and God and how natural law relates to Christian revelation This fresh and compelling account

of new natural law is the go to resource to understand this important and influential theory **Natural Law and Modern Society** Sean Coyle, 2023-07-12 Modern society is riven by social divisions between conservatives and progressives liberals and socialists the mainstream and the rise of far right political groups etc Instead of truth there are post truth and alternative facts In the wake of problems caused by untruthful politicians and world leaders by Brexit and Covid the need to repair or rebuild our communities has become paramount but what kind of community should we build and on what foundations This book suggests that natural law is such a foundation Natural Law and Modern Society presents a new theory of natural law grounded in the thought of Saint Thomas Aquinas aimed at answering questions relevant to the world of today from the nature of morality and ethics to the theory of law obligation and political authority from the domestic realm to international community It seeks to elicit from the natural law tradition timeless truths concerning the human condition in particular the social and political dimensions to human existence This mode of existence it argues is not a problem to be resolved through some permutation of political institutions but a predicament to be managed At the heart of the book is the identification of a core morality a set of moral requirements that are foundational to every society at all places and times as distinct from those standards that are particular to this or that society at some time **Tradition, Rationality, and Virtue** Thomas D. D'Andrea, 2017-09-29 Tradition Rationality and Virtue provides the first comprehensive and detailed treatment of the work of Alasdair MacIntyre In this book Thomas D Andrea presents an accessible critical study of the full range of MacIntyre s thought across ethical theory psychoanalytic theory social and political philosophy Marxist theory and the philosophy of religion Moving from the roots of MacIntyre s thought in ethical inquiry this book examines MacIntyre s treatment of Marx Christianity and the nature of human action and discusses in depth the development and applications of MacIntyre s After Virtue project The book culminates in an examination of major internal and external criticisms of MacIntyre s work and a consideration of its future directions *Thomas Aquinas on Moral Wrongdoing* Colleen McCluskey, 2017 A comprehensive examination of the moral psychology of wrongdoing from a major historical figure Thomas Aquinas *Political Economy, Institutions and Virtue* Matías Petersen, 2024-06-21 This book engages with a radical critique of the modern state and the contemporary economic order Alasdair MacIntyre s revolutionary Aristotelianism project Central to this critique is the idea that the moral norms that markets and states tend to reproduce or reinforce are an obstacle to the development of practical judgement The book outlines MacIntyre s theory of practical reason and discusses some of the institutional arrangements that can be derived from it It also explores the growing body of literature which has started to examine the extent to which alternative forms of social organisation might be more compatible with MacIntyre s account of the virtues This literature includes various proposals for alternative political and economic arrangements ranging from certain forms of market socialism to the promotion of different forms of mutual and cooperative enterprises Finally the book offers an account of the type of institutional analysis required for the advancement of the revolutionary Aristotelianism

project This is achieved by showing how some key features of the Bloomington School of political economy are not only compatible with MacIntyre's political philosophy but also that a synthesis between neo Aristotelian moral philosophy and the work of the Bloomington School offers a robust alternative for revolutionary Aristotelians Thus the book defends the idea that MacIntyre's account of human flourishing is more likely to be realised although imperfectly in a polycentric social order This book will be of interest to social scientists working in questions of political economy as well as political and moral philosophers

A Theory of Legal Obligation Stefano Bertea, 2019-10-03 Bertea puts forward a comprehensive and original theory of legal obligation understood as a distinctive legal concept

A Companion to Ethics Peter Singer, 2013-06-05 In this volume some of today's most distinguished philosophers survey the whole field of ethics from its origins through the great ethical traditions to theories of how we ought to live arguments about specific ethical issues and the nature of ethics itself The book can be read straight through from beginning to end yet the inclusion of a multi layered index coupled with a descriptive outline of contents and bibliographies of relevant literature means that the volume also serves as a work of reference both for those coming afresh to the study of ethics and for readers already familiar with the subject

[Themelios, Volume 37, Issue 1](#) D. A. Carson, 2015-01-27 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary

The Oxford Handbook of Religious Perspectives on Reproductive Ethics Davis, 2023 As I write this introduction the third season of the Israeli series Schtisel has arrived on Netflix eagerly awaited by viewers around the world who would never have imagined how caught up they would get by this family drama of four generations of ultra Orthodox Jews living in Jerusalem One episode focuses on Ruchami and Hanina a young couple who have been married for five years but without children It turns out that

pregnancy and childbirth would threaten Ruchami's life. She is using an IUD but she keeps threatening to have it removed, risking her life to become a mother. Finally, with great reluctance, Hanina visits the rebbe, the spiritual authority in their community, to discuss the possibility of using a surrogate. They say the rebbe is caught between two non-ideal situations: surrogacy, normally forbidden, is non-ideal but so is Ruchami's unhappiness and the possibility that she might go ahead and take the risk, which is also forbidden.

This is likewise one of the factors by obtaining the soft documents of this **Natural Law And Practical Rationality** by online. You might not require more times to spend to go to the book establishment as well as search for them. In some cases, you likewise reach not discover the pronouncement Natural Law And Practical Rationality that you are looking for. It will totally squander the time.

However below, subsequently you visit this web page, it will be for that reason certainly simple to get as without difficulty as download guide Natural Law And Practical Rationality

It will not say you will many get older as we notify before. You can reach it even though operate something else at house and even in your workplace. in view of that easy! So, are you question?
