Natural Resource Management For Sustainable Development In The Caribbean:

Natural Resource Management for Sustainable Development in the Caribbean Ivan Goodbody, Elizabeth M. Thomas-Hope, 2002 At the International Earth Summit convened in Rio de Janeiro in 1994 all nations of the world were mandated to protect the environment for the benefit of present and future generations This collection introduces the reader to the major issues involved in the management of a number of resources critical to Caribbean development The chapters discuss the sustainability of water fisheries and agriculture in the region from a variety of perspectives Particular emphasis is also given to the use of energy recreation and coastal resource management and their impact on the fragile ecosystem The book makes a contribution to the ongoing debate of sustainable environmental management within the region and the world

Ecological Health Maya K. Gislason, 2013-09-11 Drawing on ecosystem thinking complexity and postnormal science Ecological Health offers a radical new way of thinking about the health issues of the 21st Century This volume reflects on recent social scientific engagement with Ecosystem Health research and practice and sets out a vision for the future

Research Handbook on Biodiversity and Law Michael Bowman, Peter Davies, Edward Goodwin, 2016-04-29 The crucial importance of biodiversity law to future human welfare is only now being fully appreciated This wide ranging Handbook presents a range of perspectives from leading international experts reflecting up to date research thinking on the vital subject of biodiversity and its interaction with law Through a rigorous examination of the principles procedures and practices that characterise this area of law this timely volume effectively highlights its objectives implementation achievements and prospects More specifically the work addresses the regulatory challenges posed by the principal contemporary threats to biological diversity the applicable general principles of international environmental law and the visions values and voices that are shaping the development of the law Presenting thematic rather than regime based coverage the editors demonstrate the state of the art of current research and identify future research needs and directions This comprehensive and authoritative Handbook will be an indispensable resource for legal scholars students and practitioners alike

Sustainable Development in the Caribbean John Cox, C. Embree, Institute for Research on Public Policy, 1990 This document contains the conference papers which aimed to design appropriate incentives or disincentives to encourage sustainable development for three key areas policy enabling measures price change policies and policies directed at the needs of the resource user in Caribbean countries Papers also cover ideas which would enable these countries to cope with and respond to international pressures which are limiting their capacity to design implement and regulate sustainable development These pressures affect policies which concern international agencies and institutions regarding such issues as terms of trade debt financing and policing the unsustainable practices of multinational corporations and other countries

Caricom Single Market and Economy Kenneth O. Hall, Myrtle Chuck-A-Sang, 2007 The CARICOM Single Market and Economy CSME has for years been touted as the most critical pillar in Caribbean regional integration Yet for years the implementation of the CSME stalled due

to the absence of a common view as to its feasibility the speed of its implementation the institutional capacity programming for public education and ultimately its benefits In this work a special edition of the Integrationist and put together by the UWI CARICOM project the CSME is explained in all its dimensions The contents cover the background to the establishment of the CSME and perspectives on its implementation The main provisions and expected benefits of the Single Market are also presented along with the strategic framework and efforts at resource mobilisation to make the CSME a reality The importance of the Caribbean Court of Justice to the effective functioning of the CSME is also outlined The book concludes with a call to the member states for a unity in both understanding and action in the pursuit of integration not as choice but rather as necessity The work is complemented by the inclusion of several appendices notably the original 1989 Grand Anse Declaration the 2005 PetroCaribe Agreement as well as an indicative plan of action by priorities and an outline of major technical assistance resource gaps

Placing Latin America Ed Jackiewicz, Fernando J. Bosco, 2008 An innovative text for students *Placing Latin America* takes a thematic approach to the study of the diverse human geographies of Latin America The book includes a discussion of the current problems of border and migration between the United States Mexico and the rest of Latin America as well as exciting chapters on themes not typically found in other textbooks on the region such as geographic analysis of the drug trade tourism landscapes and Latin American cinema
