Luksh,2012-12-14 Post Civil War America With the nation reunited once again and its assets no longer bogged down by open conflict the great expansion westward begins Railroad tycoons connect the coasts giving Americans a mobility unlike any in history Pioneers renegades scientists religious businessmen emancipated slaves soldiers outlaws politicians prospectors inventors all flock toward the Pacific Along the way new economies are forged industry is founded cultures flourish and die The United States sees an unprecedented growth in its financial militaristic social and international influence By 1880 the nations population had increased by more than sixty percent since the pre war era Lost and tangled somewhere within that sociological conflagration was Bill McCoy a veteran of that terrible war and a man still struggling to find his place in the country he d fought so savagely to preserve Still plagued by vivid memories of the battlefield Bill comes upon an opportunity that might finally offer him a measure of pride and peace But unknownst to Bill a cruel merciless sinister force awaits him in the desert One that not only threatens to shatter his hopes for a future but that might also cost a great many people their lives And their dignity MARAKELLUS MARAKELLUM Sawyer N. Winter,2010-09-01 GolGanth a wizard from the past decides to bring help to a threatened galaxy He leads Rodger Rodgers on a trail of deceit and misdirection while gradually accomplishing his goals His subterfuge is aided by the ego of his forced accomplice Rodgers Steadily solving problems using both magic and double meaning information GolGanth works toward his target in secrecy While seeming to fix one thing he successfully misleads our hero in the proper direction Several humorous setbacks are encountered generated by misunderstanding Despite numerous obvious clues the would be savior goes through the story in a haze of oblivion as he misinterprets nearly everything This is credited to his sarcastic flippant attitude which he uses as a tool to lighten the seriousness of the situation Quentin Tarantino Edward Gallafent,2014-09-11 Quentin Tarantino is one of the best known living American filmmakers in the world and the story of his career has been the subject of a number of books and articles But what do his films mean In this new study Edward Gallafent does not look at Tarantino s story but at the films themselves He asks to what extent Tarantino can be seen as a specifically American filmmaker with the kinds of preoccupations and interests that have formed part of Hollywood s traditions and also how he explores the expressive possibilities of current cinema The book concentrates on the main feature films of Tarantino s career so far Reservoir Dogs Pulp Fiction Jackie Brown and the two volumes of Kill Bill Apart from Kill

Bill the films are not treated individually but in terms of some of the subjects that connect them together such as success and tradition their notorious deployment of violence and Tarantino s approach to story telling his interest in presenting events out of chronological order The book also covers adaptations of Tarantino s work looking at the screenplays of True Romance and Natural Born Killers as well as the films made from them and compares Tarantino s approach to adapting Elmore Leonard with that of another important American filmmaker Paul Schrader The aim of the book is to explore these topics and to take the reader back to what the American critic Robert Warshow called the actual immediate experience of seeing and responding to the movies It is designed to appeal both to those who were excited by the films on first seeing them in the cinema and to those taking the opportunity of reconsidering them on the screen or on DVD **Gothic Realities** L. Andrew Cooper,2014-01-10

Eighteenth century critics believed Gothic fiction would inspire deviant sexuality instill heretical beliefs and encourage antisocial violence this book puts these beliefs to the test After examining the assumptions behind critics fears it considers nineteenth century concerns about sexual deviance showing how Frankenstein Dr Jekyll and Mr Hyde Dorian Gray and other works helped construct homosexuality as a pathological dangerous phenomenon It then turns to television and film particularly Buffy the Vampire Slayer and David DeCoteau s direct to video movies to trace Gothicized sexuality s lasting impact Moving to heretical beliefs Gothic Realities surveys ghost stories from Dickens s A Christmas Carol to Poltergeist articulating the relationships between fiction and the real supernatural Finally it considers connections between Gothic horror and real world violence especially the tragedies at Columbine and Virginia Tech **A Long Cold**

Extra-Ordinary Men Nicola Rehling,2010-06-21 Extra Ordinary Men analyzes popular cinematic representations of white heterosexual masculinity as the ordinary form of male identity one that enjoys considerable economic social political and representational strength Nicola Rehling argues that while this normative position affords white heterosexual masculinity ideological and political dominance such ordinariness also engenders the anxiety that it is a depthless vacuous and unstable identity At a time when the neutrality of white heterosexual masculinity has been challenged by identity politics this insightful volume offers lucid accounts of contemporary theoretical debates on masculinity in popular cinema and explores the strategies deployed in popular films to reassert white heterosexual male hegemony through detailed readings of films as diverse as Fight Club Boys Don t Cry and The Matrix Accessible to undergraduates but also of interest to film scholars the book makes a distinctive contribution to our understanding of the ways in which popular film helps construct and maintain many unexamined assumptions about masculinity gender race and sexuality
