Confidential Rachel Toor,2025-06-25 There are hundreds of books available that coach kids on writing college application essays improving SAT scores and trying to beat the admissions system Admissions Confidential is a definitive look at why those books don t work Toor lifts the veil on a process that anxious parents and high school students have never had decoded before And they may be shocked to find out that elite colleges spend thousands of dollars recruiting students they will never admit why some students at the bottom of their high school classes are admitted to top schools when the valedictorians are rejected how pricey independent college counselors can hurt an applicant s chances why admission to a top school depends on who reads your application why the top of the class at a high performing high school may end up at their second and third choice Written in engaging first person and covering the entire admissions process from recruiting to enrollment Admissions Confidential is a year in the life of a college admissions officer **The Guilt Project** Vanessa Place,2010-03-23 An English

court in 1736 described rape as an accusation easily to be made and hard to be proved and harder to be defended by the party accused though never so innocent To prove the crime the law required a woman to physically resist to put up a hue and cry as evidence of her unwillingness Beginning in the 1970s however feminist and victim advocacy groups began changing attitudes toward rape so the crime is now seen as violent in itself the legal definition of rape now includes everything from the sadistic serial rapist to the eighteen year old who has consensual sex with a fourteen year old This inclusiveness means there are now more rapists among us And more of rape s camp followers the prison makers the community watchdogs law and order politicians and the real crime real time entertainment industry Vanessa Place examines the ambiguity of rape law by presenting cases where guilt lies but lies uneasily and leads into larger ethical questions of what defines guilt what is justice and what is considered just punishment Assuming a society can and must be judged by the way it treats its most despicable members The Guilt Project looks at the way the American legal system defines prosecutes and punishes sex offenders how this Dateline NBC justice has transformed our conception of who is guilty and how they ought to be treated and how this has come to undo our deeper humanity **Report of the State Entomologist of Connecticut for the Year**
