Michael Alexander Stewart

Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau:

Nature and Politics Andrzej Rapaczynski, 2019-05-15 In this study of the origins of liberalism in political thought Andrzej Rapaczynski examines the political theory of Hobbes Locke and Rousseau Convinced that the Aristotelian and medieval world views no longer provided an adequate framework for the ordering of political life these three thinkers sought to reconstruct the philosophical foundations of politics Reconceiving Liberalism Oren M. Levin-Waldman, 2010-11-23 Levin Waldman argues that if American public policy were to be evaluated against a different set of principles ones more closely aligned with core liberal values especially the common good liberalism would be in greater harmony with contemporary public opinion and thought Liberalism rests on a moral vision of what constitutes the good life and a set of principles that can measure whether public policy accords with society s underlying philosophical principles Levin Waldman faults modern liberalism for obscuring these principles through a misplaced reliance on neutrality Liberalism he contends appears to have diverged from mainstream perceptions of traditional American values because policy is debated and formulated within the confines of this neutrality standard Levin Waldman develops a new methodology intended to take us away from the usual cost benefit analysis and move us closer to assessing public policies in terms of what best serves the common good **Narrative Power and Liberal Truth** Eldon J. Eisenach, 2002 Liberal political thought from its origins in the seventeenth century through today s rights discourse is grounded in the ideal of the autonomous individual As the theory holds these individuals are born in freedom from religious political social or economic obligations and then construct these systems through individual and collective choices Over the past thirty years however this understanding of freedom has been challenged from a variety of perspectives Eldon J Eisenach has been at the forefront of that challenge stressing the centrality of religious elements and assumptions in liberal writings that many scholars suppressed or ignored In Narrative Power and Liberal Truth Eisenach brings together eleven of his previously published essays to demonstrate that many postmodernist ideas of persons and freedom are already present within the tradition of liberal political philosophy and that liberalism itself is more capacious of human experience and meanings than modern critiques allow *Hobbes on Legal Authority and Political Obligation* Luciano Venezia, 2015-09-01 Hobbes on Legal Authority and Political Obligation develops a new interpretation of Hobbes s theory of political obligation According to the account developed in the book the directives issued by the sovereign as introducing authoritative requirements so that subjects are morally obligated to obey them

Rousseau's Theory of Freedom Matthew Simpson, 2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau s theory of freedom

has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau s theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau s individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson s book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractalist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised **Kant's Struggle for**

Autonomy Raef Zreik,2022-12-19 In Kant s Struggle for Autonomy On the Structure of Practical Reason Raef Zreik presents an original synoptic view of Kant s practical philosophy uncovering the relatively hidden architectonics of Kant s system and critically engaging with its broad implications He begins by investigating the implicit strategy that guides Kant in making the distinctions that establish the autonomous spheres happiness morality justice public order legitimacy The organizing principle of autonomy sets these spheres apart assuming there is self sufficiency for each sphere Zreik then develops a critique of this strategy showing its limits its costs and its inherent instability He questions self sufficiency and argues that autonomy is a matter of ongoing struggle between the forces of separation and unification Zreik proceeds to suggest that we read Kant backward reading early Kant in light of late Kant This reading reveals Kant s strategy of both taking things apart and putting them together focusing on the joints transitions and metastructures of the system The image emanating from this account of Kant s legal and moral philosophy is of an intimate yet tragic conflict within Kant s thought one that leaves us to our own judgment as to where to draw the boundaries between spheres opening the door for politicizing Kant s practical philosophy *Environmental Futures* Ben Fairweather,Sue Elworthy,Matt Stroh,Piers H.G. Stephens,1999-04-12 The book

comprises thirteen papers on environmental issues with particular reference to future developments for example new technologies paths in social and political theory methodologies It is divided into three sections moving from social constructions of the environment in the first section to questions of green political theory and practice in the second and concluding with issues of environmental risk and future technologies The work is interdisciplinary with contributors ranging from philosophers to human geographers **The Politics of Protection** Jef Huysmans,Andrew Dobson,Raia Prokhovnik,2006-05-17 This new book shows how from the end of the Cold War the security agenda has been transformed and redefined academically and politically It focuses on the theme of protection It moves away from the dominant question of whom or what is threatening to the crucial questions of who is to be protected and in the case of conflicting claims who has the capacity to define whose needs prevail It also poses the question of political agency in relation to some of the most significant questions raised in relation to the governance of insecurity and protection in the contemporary world The authors

identify and explore issues that challenge or raise a number of questions about the traditional notion that states are to protect their citizens through retaining a monopoly over the legitimate use of violence *International Legal Theory* Nicholas Onuf, 2009-05-07 Nicholas Onuf's *International Legal Theory: Essays and Engagements* 1966-2007 is a collection of the author's articles and book reviews from the period including some previously unpublished material. The book records the author's efforts to address important problems in international legal theory and to engage other scholars who were also addressing these problems. As well as demonstrating Onuf's own constructivist contribution to the theoretical dimension of international law and international relations, each piece is preceded by a short introduction which highlights the wider themes and developments which have occurred in the field of international law in the last forty years *Out of Line* R.B.J. Walker, 2015-08-27 A collection of essays on the politics of boundaries, this book addresses a broad range of cases, some geographical, some legal, and some involving less tangible practices of inclusion and exclusion. The book begins by exploring the boundary between modern Western forms of international relations and their constitutive outsides. Beyond this, the author engages with relations between subjectivity and security, security and nature, social movements and a world politics, as well as the politics of spatiotemporal dislocation. Two chapters address the work of Thomas Hobbes and Max Weber as exemplary accounts of the relationship between boundaries and the constitution of modern forms of politics. Each chapter speaks not only to the politics of specific boundary practices but also to the limits within which modern politics has been shaped in relation to claims about spatiality, temporality, sovereignty, and subjectivity. In this way, the book draws attention to a pervasive account of a scalar order of higher and lower that has shaped more familiar distinctions between internality and externality. Offering an analysis of the relation between concepts of internationalism, imperialism, and exceptionalism, as well as the implications of spatiotemporal dislocation for claims about democracy, the book links contemporary claims about the transformation of boundaries to various ways in which political life is said to be in crisis and in need of novel forms of critique. Brought up to date by a new and extensive introductory essay and an assessment of the status of political judgement after 9/11, this book is essential reading for students and scholars of politics, international relations, political theory, and political sociology *Torture, Terror, and Trade-Offs* Jeremy Waldron, 2012-01-19 Jeremy Waldron has been a challenging and influential voice in the moral, political, and legal debates surrounding the response to terrorism since 9/11. His contributions have spanned the major controversies of the War on Terror, including the morality and legality of torture, whether security can be balanced with liberty, and the relationship between public safety and individual rights. He has also tackled underlying questions essential to understanding the practical debates, including what terrorism is and what a right to security would entail. This volume collects all Waldron's work on these issues, including six published essays and two previously unpublished essays. It also includes a new introduction in which Waldron presents an overview of his contribution and looks at the problems currently facing the Obama administration and the UK Government in dealing with the legacy of the Bush White

House The volume will be essential reading for all those engaged with contemporary politics security law and the continuing struggle for an ethical response to terrorism *The Statesman's Science* Pamela Edwards,2004 This innovative book examines the fundamental continuities in Samuel Taylor Coleridge s writing during the revolutionary period of 1794 through 1834 to demonstrate his importance as a political philosopher and to recover romanticism as both an aesthetic and political movement **English Philosophy in the Age of Locke** Michael Alexander Stewart,2000 Investigating key issues in English philosophical political and religious thought in the second half of the seventeenth century this book presents a set of new and intriguing essays on the topics Particular emphasis is given to the interaction between philosophy and religion among leading political thinkers of the period connections between philosophical debate on personhood certainty and the foundations of faith and new conceptions of biblical exegesis **Leviathan** Thomas Hobbes,2004 After the publication of his masterpiece of political theory *Leviathan Or the Matter and Power of Commonwealth Ecclesiastic and Civil* in 1651 opponents charged Thomas Hobbes with atheism and banned and burned his books The English Parliament in a search for scapegoats even claimed that the theories found in *Leviathan* were a likely cause of the Plague of 1665 and the Great Fire of 1666 For the modern reader though Hobbes is more recognized for his popular belief that humanity s natural condition is a state of perpetual war with life being solitary poor nasty brutish and short Despite frequent challenges by other philosophers *Leviathan* s secular theory of absolutism no longer stands out as particularly objectionable In the description of the organization of states moreover we see Hobbes as strikingly current in his use of concepts that we still employ today including the ideas of natural law natural rights and the social contract Based on this work one could even argue that Hobbes created English language philosophy insofar as *Leviathan* was the first great philosophical work written in English and one whose impact continues to the present day *Encyclopedia of Politics* Rodney P. Carlisle,2005-03-17 With the Left and Right amusingly placed into left hand v 1 and right hand v 2 volumes respectively this encyclopedia contains articles on the people ideas events laws and issues associated with left and right politics in language that will be accessible to the high school and undergraduate student as well as the general reader Each entry includes cross references and a bibliography Among the topics for politics of the left are Susan B Anthony Jean Jacques Rousseau abolitionism desegregation ACLU the New Deal Solidarity and the Workingmen s Party Entries are included in each volume for 40 countries and regions giving the history and current affairs for politics in each Among the topics for the right are capitalism Darwinism censorship martial law and the Christian Coalition The contributors teach at universities worldwide some are independent scholars Carlisle is at Rutgers U Annotation 2004 Book News Inc Portland OR booknews com **After Liberalism?** R. Friedman,K. Oskanian,R. Pacheco Pardo,Ramon Pacheco Pardo,2013-09-12 In this collection leading international scholars provide their perspectives on the continuing role of the liberal paradigm both as a theoretical approach to international relations and as an ordering principle of international politics **Secularism in the Arab World** Aziz al-Azmeh,2020-03-18 This book is a translation of

Aziz al Azmeh's seminal work *Al Ilmaniya min mandhur mukhtalif* that was first published in Beirut in 1992. Both celebrated and criticised for its reflections on Arab secularisation and secularism in the modern history of the Arab World, it is the only study to date to approach its subject as a set of historical changes which affected the regulation of the social, political and cultural order and which permeated the concrete workings of society rather than as an ideological discussion framed from the outset by the assumed opposition between Islam and secularism. The author takes a comprehensive analytical perspective to show that an almost imperceptible yet real multi-faceted and objective secularising process has been underway in the Arab world since the 1850s. The early onset was the result of adapting to systemic novelties introduced at the time and a reaction to the perceived European advance and local retardation. The need for meaningful reform and the actions taken in order to put in place a new organisation of state and society based on modern organisational and educational criteria rather than older religious traditions stemmed from the perceived weakness of Arab polities and from an internal drive to overcome this situation. The book follows these themes into the close of the 20th century marked with the rise of Islamism. A preface to the English translation takes a retrospective look at the theme from the vantage point of social, political and intellectual issues of relevance today.

The Sense of Injustice and the Origin of Modern Democracy Bruce James Smith, 2018. A careful study of the political thought of Machiavelli, Hobbes and Locke revealing the roots of modern democracy.

Dancing in Chains Joshua Foa Dienstag, 1997. Rejecting traditional distinctions between philosophy, history and literature, this book traces a broad connection between political identity and narrative in the field of political theory.

Political Thinking, Political Theory, and Civil Society Steven M. DeLue, Timothy M. Dale, 2016-07-01. This comprehensive overview of the Western tradition of political thought approaches concepts with the aim of helping readers develop their own political thinking and critical thinking skills. This text is uniquely organized around the theme of civil society: what is the nature of a civil society, why is it important, that will engage students and help make the material relevant. Major thinkers discussed in the text are explored not only with the goal of understanding their views but also with an interest in understanding the relationship of their ideas to the notion of a civil society. DeLue and Dale contend that a civil society is important for securing the way of life that most of us value and want to preserve: a way of life that allows people to live freely and place significance on their own lives. New to the Fourth Edition: Connects traditional political theory to contemporary challenges to civil society including new coverage of US electoral politics, the Black Lives Matter movement, Citizens United and Robert Putnam's view of the decline of social support systems. Updates the coverage of feminism and feminist thinkers including coverage of gay marriage in the context of civil society. Expands coverage of global civil society especially in terms of contemporary challenges posed by ISIS, the failure of the Arab Spring and ongoing humanitarian crises in Syria, Iran and beyond.

Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau Introduction

In today's digital age, the availability of Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures

that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books and manuals for download and embark on your journey of knowledge?

FAQs About Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau Books

1. Where can I buy Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau books?

Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Nature And Politics Liberalism In The Philosophies Of Hobbes Locke And Rousseau book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
