His heart, mind, and soul reflect the art of poetry. The spiritual poems in this book are meaningful, realistic, timeless, virtuous, but simple enough to understand. You will learn wisdom and be entertained through the poetic message. His spiritual poems speak to the heart of listeners. Each one can relate to your life in this one of a kind book. These poems are worth reading again because all of them have a future value. You can even meditate on these poems while you relax your muscles. They will make you more aware so you can fully understand their meaning. A children's version of this book will also be available. In addition, Pierre has a music album along with a poetry album coming out in December 2006.

Is there existence after death? Why do we have to go through such trials and tribulations here on Earth? Why do we have thoughts and dreams that run from the sublime to the bizarre? Why do goodness and evil go hand in hand in life or do they? The answers to these questions and more are brought to light by author and spiritual teacher Sylvia Browne. Once again, she shares her psychic gifts and years of research in order to enlighten us and give us more insights into God and the realities of life. This time she tackles the structure of creation by showing us that there really is purpose and order in our seemingly chaotic world. She outlines the levels of physical incarnation along with the reality of the afterlife and the heretofore unexplored lower levels of creation. From the wondrous and weird lower levels to the everyday intricacies of life on this planet to the beautiful and perfect Other Side, Sylvia takes us on another journey of exploration and truth. This is a book that explains all levels of life as only Sylvia can.      **The Ascended Masters on Soul Mates and Twin Flames** Elizabeth Clare Prophet, Mark L. Prophet, 1988      [Man and Nature in God](#) Lloyd E. Sandelands, 2017-12-02 Contemporary American life is tinged with dissatisfaction. Increased wealth and comfort and technological advances have not made

individuals happier or society more companionable Today Americans marry later or not at all and they fail at marriage as often as they succeed Man and Nature in God is a story of contemporary American decadence a grim tale of our flagging relation to nature a tale confirmed at the center of our sexual lives Sandelands grounds his critique in a modern philosophical error We have conflated a particular metaphysical outlook the subjective standpoint of science with our relationship as humans to nature We fail to see that however much we may learn about nature by treating it as object to our subject we cannot in this way learn what we most want and most need to know about nature and about ourselves Answers to such questions as How are we related to nature and How are we to think and act truly in nature continue to elude us Cast as ideology by the isms of humanism naturalism and postmodernism today s subjective standpoint has turned the question of truth into one question of politics The unhappy result has been and continues to be a profound and deadly misunderstanding of nature as well as man epitomized in contemporary American culture today Taking this as his starting point Sandelands suggests how we can save ourselves from our mortifying philosophical error thereby claiming our true relation to nature and reinvigorating our sexual lives He identifies the need for a natural philosophy that takes God to be the starting point of self understanding Although the book is about philosophy it is not only for the academic philosopher Although it is about theology it is not only for the theologian or student of religion And although the book takes modern biological and social sciences to task it is not only for biological and social scientists Instead Man and Nature in God is for everyone concerned about the disma
