Navaho Legends Washington Matthews, 2015-06-16 Excerpt from Navaho Legends Collected and Translated 1 The legends contained in this book are those of the Navaho Indians a tribe living in the southwestern portion of the United States mostly in the Territories of New Mexico and Arizona but partly in the States of Colorado and Utah A definite reservation of over 12 000 square miles has been set apart for them but in every direction beyond the borders of this reservation isolated families and small bands may be found dwelling either temporarily or permanently in localities where there are springs streams pools or artificial reservoirs of water Some have taken up homesteads or have otherwise acquired a legal title to lands beyond the borders of the reservation others are merely squatters A brief description of these Indians their arts religion ceremonies etc is included in this introduction in the belief that if the reader possesses some knowledge of the Navaho before he begins to read the tales he may have a better understanding of the latter But much more information of interest to the ethnographer will be found in notes Some items in the introduction could not properly have appeared in the notes as there was nothing in the tales to suggest them Other items might perhaps as well have been transferred to the notes the decision to put them in the introduction was often arbitrary 2 Title of Book In selecting a title for this book the word Legends was chosen rather than Myths for the reason that the tales contained herein though mostly mythical are not altogether such In the Origin Legend the last chapter The Growth of the Navaho Nation is in part traditional or historical and it is even approximately correct in many of its dates as has been shown by Frederick Webb Hodge in his paper on the Early Navaho and Apache Home Of The Navahoes 3 The land which the Navahoes occupy is arid though not an absolute desert About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do

however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Navajo Lifeways Maureen Trudelle Schwarz,2001 I think what is always really amazing to me is that Navajo are never amazed by anything that happens Because it is like in a lot of our stories they are already there Sunny Dooley Navajo Storyteller During the final decade of the twentieth century Navajo people had to confront a number of challenges from unexplained illness the effects of uranium mining and problem drinking to threats to their land rights and spirituality Yet no matter how alarming these issues Navajo people made sense of them by drawing guidance from what they regarded as their charter for life their origin stories Through extensive interviews Maureen Trudelle Schwarz allows Navajo to speak for themselves on the ways they find to respond to crises and chronic issues In capturing what Navajo say and think about themselves Schwarz presents this southwestern people s perceptions values and sense of place in the world **Mythology and Values** Katherine Spencer,2014-11-11 In this book Katherine Spencer examines Navaho cultural values by studying a specific subset of Navaho mythology chantway myths part of ceremonies performed to cure illness She begins with a summary of the general plot construction of chantway myths and the value themes presented in these plots then discusses explanatory elements inserted by the narrators of the myths She continues with a deeper analysis of the cultural value judgements conveyed by these myths At the end of the book Spencer includes abstracts of the myths she discusses American Folk Legend Wayland D. Hand,2023-11-10 The symposium on American folk legend organized by UCLA in 1969 marked a significant step toward addressing a neglected area in folklore scholarship Held from June 19 to 22 the conference brought together eleven delegates from the United States and Canada along with staff members from the guest institution to discuss the challenges and developments in American folk legend study The conference provided a platform for notable contributions from figures such as Richard M Dorson Robert A Georges Linda D gh and others Discussions covered diverse aspects of folk legend including definition classification structure and socio psychological values and featured explorations of regional Hispanic and Latin American folklore The proceedings underscored the field s early stage of development in the United States and highlighted the need for comprehensive collections surveys of legend genres and thematic studies The conference suggested that once these foundational efforts are in place many ambiguities surrounding American legends could be clarified Participants advocated for a more systematic approach akin to the rigor applied to folk song and ballad research to achieve a better understanding of American legendry These discussions pointed to the need for fieldwork and scholarly attention to uncover and classify legends which would enable scholars to undertake meaningful analyses of American folklore In summary the conference not only aimed to share existing knowledge but also served as a call to action for greater scholarly focus on American legends The organizers expressed hope that the symposium would inspire new research stimulate the discovery of published materials and encourage scholars to map out specific research areas within American folk legend This event laid the groundwork for a more systematic and expansive study of

folklore in the United States advancing an often overlooked field toward a more structured and accessible discipline This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971 **NAVAHO LEGENDS** WASHINGTON.
