serious decline in vocations primarily in the developed countries of the West John Paul II has addressed this situation many times during his pontificate especially in *Pastores dabo vobis* where he offers a clear theological vision and a program of formation to overcome the current crisis of priestly identity In his new book McGovern offers a deep analysis of the Pope's theology of priesthood drawing not only from *Pastores dabo vobis* but also from his Holy Thursday Letters and other important writings on this topic In this study the author deals with core aspects of priestly identity under three main headings theological spiritual and pastoral in the context of service to the lay faithful and the evangelization required of the Church in the new millennium
