Wolfteich, 2002 A call to action for religious groups to understand the complex and changing roles of women today within the context of their spiritual lives *Calling in Today's World* Cahalan & Schuurman, 2016 The concept of vocation or calling is a distinctively Christian concern grounded in the long held belief that we find our meaning purpose and fulfillment in God But what about religions other than Christianity What does it mean for someone from another faith tradition to understand calling or vocation In this book contributors with expertise in Catholic and Protestant Christianity Judaism Islam Hinduism Buddhism Confucianism and Daoism and secular humanism explore the idea of calling from these eight faith perspectives from back of book **Holy Spirit, Holy Living** Antipas L. Harris, 2013-07-26 The language of holiness seems outdated It is a word that comes to us thwarted by a negative history associated with undesirable restrictions and oppressive legalisms What do you do with a term that has been negatively socialized even among churches when the God of the Bible clearly states that He wants His people to be holy Holy Spirit Holy Living aims to dust off the discarded idiom and rediscover the depth and splendor of holiness What are some practical implications for theological and spiritual practice Two broad categories express the particularity of the Church in the world As such the Church must maintain peculiarity to the world First holiness properly understood speaks to being and acting in a way that reflects both a regenerated life in Christ and the ongoing renewal in Christ by the power of the Holy Spirit Secondly holiness as a lifestyle must include at least three principles rest being and doing These three standards undergird a life of conviction of faith and practice worship for God and service to others A holy life follows Christ and is Spirit filled It is unbent by society which is numb to what God wants **Green Space as a Foundation for Student Wellbeing in Higher Education** Vanita Naidoo, 2025-06-13 This book presents a unique comparative case study that details the narrative around campus design at the first institutions of public higher education in the United States With a focus on Southern design at the turn of the 18th century it explores the use and perception of campus green space and its influence on student wellbeing and belonging using both structural and lived perspectives With attention to the post COVID 19 context the comparative analysis of two campuses The University of North Carolina UNC at Chapel Hill and the University of Georgia offers insight into how historical context location and design all influence the use of space The case studies and analysis also serve as examples of how institutions and university systems hoping to engage with design practices can promote positive learning environments that are both inclusive and supportive Each chapter addresses an experiential aspect of space linking back to the dialogue on diversity inclusion and identity In addition to considerations around diversity the book also offers a rich narrative that uncovers the links between American Education and the New Southern Republic shining a light on the role of place historical origin and socio political circumstances in shaping campus design A superb resource for scholars and postgraduates studying higher education environmental psychology and urban planning it chronicles the evolution of campus design at public

that helped train lawyers in war torn Afghanistan She was thirty two at the time a mother of three who had never travelled outside the United States What she brought to Afghanistan was a toughness and resilience which came from growing up in one of the most dangerous cities in the US a fundamental belief in everyone s right to justice and an unconventional legal mind that has made her a legend in an archaic misogynistic and deeply conservative environment Through sheer force of personality ingenuity and perseverance Kimberley became the first foreign lawyer to practise in Afghanistan and her work swiftly morphed into a mission to bring justness to the defenceless and voiceless She has established herself as an expert on its fledgling criminal justice system able to pivot between the country s complex legislation and its religious laws in defence of her clients Her radical approach has seen her successfully represent both Afghans and Westerners overturning sentences for men and women who ve been subject to often appalling miscarriages of justice Inspiring and fascinating in equal measure Lawless tells the story of a remarkable woman operating in one of the most dangerous countries in the world **In the**

Midst of Chaos Bonnie J. Miller-McLemore,2019-03-01 How the daily practices of life with children can shape our faith In the Midst of Chaos explores parenting as spiritual practice building on Bonnie J Miller McLemore s fresh conceptions of children from her book Let the Children Come She questions conventional perceptions that spiritual practices require silence solitude and uninterrupted prayer and that assume a life unburdened by care of others She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them Miller McLemore explores how parents might use seven daily practices such as play reading chores and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually Through these experiences she shows how the very care of children forms and reforms the faith of adults themselves contrary to the belief that adults must form children In the Midst of Chaos also goes beyond the typical focus on individual self fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together Readers will find in this book an invitation to love those around them in the midst of life s craziness and to live more deeply in grace

The Church and Work Joshua Sweeden, 2014-01-31 Work is one of the most dominant and unavoidable realities of life Though experiences of work vary tremendously many Christians share a common struggle of having to live in seemingly bifurcated spheres of work and faith Beginning with the conviction that Christian faith permeates all aspects of life Joshua Sweeden explores Christian understandings of good work in relationship to ethics community practice and ecclesial witness In *The Church and Work* Sweeden provides a substantial contribution to the theological conversation about work by proposing an ecclesiological grounding for good work He argues that many of the prominent theological proposals for good work are too abstract from context and demonstrates how the church can be understood as generative for both the theology and practice of good work This needed ecclesiological development takes seriously the role of context in the ongoing discernment of good work and specifically explores how ecclesial life and practice shape and inform good work Christian understandings of good work are inconceivable without the church Accordingly the church is not simply the recipient and a dispenser of a theology of work but the locus of its development
