Ethics and Spiritual Care Karen Lebacqz, Joseph Driskill, 2010-10-01 Ethics and Spiritual Care responds to three phenomena of increasing importance Although spiritual care is at the heart of ordained ministry there is no text in professional ethics for clergy that focuses specifically on spiritual care What ethical guidelines are needed to ensure that spiritual care in ministry is appropriate Many people in our world do not consider themselves religious but use the term spiritual The burgeoning interest in spirituality is an invitation to people with little training to set themselves up as spiritual directors Guidelines are needed not simply for the ethical practice of parish ministry but for specific practices of spiritual direction Allegations of spiritual abuse have been made both in practice and in the literature the term is being used with some frequency The development of this term and its implications requires some scrutiny and response as sexual abuse is not a good model for understanding spiritual abuse

Counseling and Pastoral Care in African and Other Cross-Cultural Contexts Tapiwa N. Mucherera, 2017-11-03 The coming of Colonization and Christianity to Africa and other indigenous cross cultural contexts was a mixed bag of pros and cons The impact of the advent of the two has had a lasting effect being felt even today It created issues of bi culturalism and bi religiousness in personal and religious identities that counselors and the church need to address when working with people from these contexts There is the existence of deep cultural trauma including psychological and spiritual scars needing healing for those living in most of these post colonial contexts The Western counseling approaches and Christian rituals need contextualization A counselor or pastoral caregiver with an integrative consciousness is required to address the psychological and religious identity conflicts existing in African and other indigenous cross cultural contexts

A Gift Grows in the Ghetto Jay-Paul Michael Hinds, 2022-10-25 In his classic essay Of Our Spiritual Strivings W E B Du Bois asks how does it feel to be a problem This question has become a means of diagnosing the lived experience of Black men particularly in America s most neglected and feared environment the ghetto What is often overlooked however is the vital role that spirituality has in remedying the problem A Gift Grows in the Ghetto examines how not being in relationship with one s gift can lead to feelings of despair entrapment and abandonment all of which contribute to Black men feeling as though they are nothing more than a problem By utilizing the biblical story of Ishmael s miraculous survival growth and giftedness in the wilderness the book encourages Black men to embrace a life of faith that is dependent on the God who always sees nurtures and is in relationship with us and our gifts in the wilderness and the ghetto
