 Christian L. Wiktor, 2024-12-16 **Dictionnaire Anglais Des Télécommunications** Sinda López, 1997 This collection of
 essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's
 edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major
 productions of the play from around the world. In the collection there are five previously unpublished essays. The topics
 covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance
 histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as
 containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and
 commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other
 sources. This collection brings together these essays for the first time. *Notes and formules de l'ingénieur du*
