Nonfiction Film Richard Barsam,1992-11-22 Richard Barsam has given us as comprehensive a study of the origins and development of the nonfiction mode in motion pictures as we are ever likely to have in one volume He draws on all the major written sources and many which are little known and he shares with us many eloquent descriptions of the films themselves giving us a valuable textbook Richard Dyer MacCann superb work *Historical Journal of Film Radio and Television*

Propaganda and the German Cinema, 1933-1945 David Welch,2001-03-23 This is the most comprehensive analysis to date of Nazi film propaganda in its political social and economic contexts from the pre war cinema as it fell under the control of the Propaganda Minister Joseph Goebbels through to the end of the Second World War David Welch studies more than one hundred films of all types identifying those aspects of Nazi ideology that were concealed in the framework of popular entertainment Hitler's Last Chance Kevin Prenger,2023-04-28 The war in Europe was reaching its cataclysmic final months with Germany surrounded on all sides Hitler s forces had been driven from Poland by the Red Army and the Soviets were poised a short distance from Berlin while the Western allies having repulsed the F hrer s Ardennes offensive were preparing to cross the Rhine More than ever Hitler needed his people to stiffen their resolve for the coming onslaught To demonstrate what will be expected of the German people and what they could achieve if they refused to acknowledge defeat a major feature film would be shown featuring the one place which held out against Napoleon when he invaded Prussia in 1807 the city of Kolberg After crushing the Prussian Army in 1806 French forces swept into the Prussian province of Pomerania One by one the Prussian fortresses surrendered mostly without offering any resistance except for Kolberg The small and weakly fortified city held out for four months despite being surrounded by Napoleon s forces with Major von Gneisenau organizing a citizen s militia to aid the Army in its defense Though much of the city was blasted into ruin Kolberg remained in Prussian hands until the war with France ended with the signing of the Peace of Tilsit by which time its defense had become legendary Even though the Third Reich was literally entering its death throes in attempting to reproduce the siege of Kolberg on film thousands of experts extras and horses were taken from the war effort by the Reich Minister of

Propaganda Joseph Goebbels The film's emphasis was to show how civilians and the military can work together to save Germany just as Kolberg had been saved from the French The result has been stated to be the most expensive feature film ever made in Germany This book examines the dramatic conditions under which the film was produced and the scale of the resources needed to do so followed by its first showing on 30 January 1945 All Goebbels efforts though were to no avail as the film never went on general release A month later as the author reveals Kolberg found itself under siege once again but this time after bitter house to house fighting it fell to the Soviets in less than four weeks

Cinema Inferno Robert G. Weiner, John Cline, 2010-07-17 Cinema Inferno Celluloid Explosions from the Cultural Margins addresses significant areas and eras of transgressive filmmaking including many subgenres and styles that have not yet received much critical attention This collection of essays covers both contemporary films and those produced in the last 50 years to provide a theoretical framework for looking at transgressive cinema and what that means This volume begins with a number of essays that examine the aesthetic of realism tracing it through the late Italian Neo Realism of Pasolini the early films of Melvin Van Peebles and Canadian filmmaker Guy Maddin Another section focuses on 70s Italian horror and thrillers including a substantially different examination of filmmaker Dario Argento as well as essays on critically underrepresented directors Lucio Fulci and Sergio Martino A section on New York looks at both radical independents like Troma and Andy Milligan as well as the social context from which a view of the metropolis in decay emerged Sections also cover the experimental work of the Vienna Action Group and controversial filmmaker Michael Haneke as well as films and genres too idiosyncratic and disturbing to fit anywhere else including analyses of Nazi propaganda films fundamentalist Christian scare movies and postwar Japanese youth films The final essays try to come to terms with a mainstream flirtation with transgressive film and Grindhouse aesthetics

Remembering National Socialism in Austrian Post-war Film (1945-1955) Jakub Gortat, 2025-07-31 Entrenched in the myth of being victim of the Nazi aggression Austrian elites pursued a politics of memory that symbolically shook off any responsibility for the emergence development and consequences of National Socialism Authors of the vast majority of films produced early after 1945 were not interested in dealing with the recent Nazi past of their country There were however exceptions Through detailed analysis of the narratives stylistic patterns and reception of films that were set during or immediately after World War II this book explains how cinema corroborated Austrian national self stereotypes at the same time offering a critique of the Nazi regime

A Concise History of Nazi Germany Joseph W. Bendersky, 2020-09-21 This balanced history offers a concise readable introduction to Nazi Germany Combining compelling narrative storytelling with analysis Joseph W Bendersky offers an authoritative survey of the major political economic and social factors that powered the rise and fall of the Third Reich Now in its fifth edition the book incorporates significant research of recent years analysis of the politics of memory postwar German controversies about World War II and the Nazi era and more on non Jewish victims Delving into the complexity of social life within the Nazi state it also reemphasizes the

crucial role played by racial ideology in determining the policies and practices of the Third Reich Bendersky paints a fascinating picture of how average citizens negotiated their way through both the threatening power behind certain Nazi policies and the strong enticements to acquiesce or collaborate His classic treatment provides an invaluable overview of a subject that retains its historical significance and contemporary importance *Russian War Films* Denise Jeanne Youngblood, 2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II [Magic and Illusion in the Movies](#) George Higham, 2024-11-13 From top hats to top secrets this book is a celebration of illusion technology and mechanisms of trickery through a genre crossing selection of films Heroes villains spies con men and madmen magicians all have utilized complex constructs and trickery in thrilling cinematic adventures from the earliest days of cinema to the present Current blockbusters such as Spider Man Far from Home and the Mission Impossible series feature amazing acts of deception often appearing far fetched that are in fact surprisingly close to today s technology Along with the James Bond saga classics such as The Wizard of Oz Nightmare Alley and The Sting are joined by a host of other movies superficially seeming to be very different yet proving there is more than meets the eye **Militarization and Democracy in West Germany's Border Police, 1951-2005** David M. Livingstone, 2024 A social history of West Germany s Bundesgrenzschutz BGS Federal Border Police that complicates the telling of the country s history as a straightforward success story The 2020 murder of George Floyd by Minneapolis police officers shows that police violence is still a problem in Western democracies Floyd s murder prompted some critics to hail the German police as a model of democratic policing that should be emulated After 1945 Germany s police forces had supposedly shed the militarization and authoritarian impulses still prevalent in other nations forces These uncritical appraisals however deserve closer analysis This book is a social history of West Germany s Bundesgrenzschutz BGS a federal border guard established in 1951 that became re unified Germany s first national police force It argues that the BGS revived authoritarian traditions of militarized policing and kept them alive long into the postwar era even though the country was supposedly consigning these problematic legacies to its past The BGS was staffed and led by Wehrmacht and SS veterans until the late 1970s and while West Germany was democratizing BGS commanders were still planning to fight wars and were teaching its officers street fighting tactics While the end outcome was positive the study contributes to the growing body of recent research that complicates the writing of the Federal Republic s history as a success story Dealing explicitly with post fascist West Germany s struggle to establish a democratic police force the book enters a conversation with studies concerned with democratization security and Germany s effort to overcome its Nazi past DAVID M LIVINGSTONE holds a PhD in History from the University of California San Diego He is retired as Chief of Police of Simi Valley California and is an adjunct professor at California Lutheran University [Dictionary of Antisemitism from the Earliest Times to the Present](#) Robert Michael, Philip Rosen, 2007 Containing 2 500 entries this Dictionary includes entries that

cover ancient medieval and modern antisemitism pagan Christian and Muslim antisemitism religious economic psychosocial racial cultural and political antisemitism A comprehensive scholarly introduction discusses the definitions causes and varieties of antisemitism The Nosferatu Story Rolf Giesen,2025-06-12 Director F W Murnau s Nosferatu A Symphony of Horror made in 1921 after the devastating Spanish Flu pandemic has become the ultimate cult classic among horror film buffs around the world For years there was much speculation about the production background the filmmakers and the star German actor Max Schreck This greatly expanded new edition based upon rare sources and years of dedicated research tells the complete story of how a group of occultists established a leading film company that would produce a momentous series of horror movies Along the way other classic German fantasy silents such as The Golem The Cabinet of Dr Caligari and Metropolis are discussed Featured in this edition are photographs documents and interviews including one with Dacre Stoker the great grandnephew of Dracula author Bram Stoker
