Near Eastern Studies Hans Goedicke,1971-01-01 Ancient Israel in Sinai James K. Hoffmeier,2005-10-06 Hoffmeier finds evidence to support Biblical narratives for the years spent by the Israeli tribes in the wilderness explores alternative theories on the location of Mount Sinai **Religious Diversity in Ancient Israel and Judah** Francesca Stavrakopoulou,John Barton,2010-04-15 This volume of essays draws together specialists in the field to explain illustrate and analyze this religious diversity in Ancient Israel *An Exegetical Bibliography of the New Testament: Luke and Acts* Günter Wagner,1983 **Making Pictures of War** Laura Battini,2016-07-10 This book brings together the main discussions that took place at an international conference on the iconology of war in the ancient Near East a subject never addressed at an international meeting before *Johannine Sabbath Conflicts as Juridical Controversy* Martin Asiedu-Peprah,2001 There is unanimity among Johannine scholars that one distinctive characteristic of the Fourth Gospel is the fact that the evangelist presents Jesus as caught in long drawn out juridical confrontations between himself and the Jews Martin Asiedu Peprah examines the two Sabbath conflict narratives in the Fourth Gospel from a narrative critical perspective and thus takes a fresh look at the Johannine juridical metaphor In doing so he attempts to pursue a three fold objective First he determines the precise nature of the juridical metaphor used in the two narratives and on the strength of it he undertakes a critical reading of the texts under study with the view to shedding new light on their meaning Then he examines the role of this specific juridical metaphor in the two narratives The question here is for what purpose and how is this specific juridical metaphor used within the narrative framework of the two narratives Finally he explores the historical setting of the two narratives and infers from it the social function the juridical metaphor would have played within the Johannine Sitz im Leben In the light of his results Martin Asiedu Peprah makes an attempt to examine very briefly the entire section of John 5 1 10 42 to see if the presence of the juridical controversy pattern in this section can throw light on one crucial issue in Johannine research namely the purpose of the Gospel in its present form **Israel's Divine Healer** Michael L. Brown,1995 Israel s Divine Healer begins with a study of various Hebrew words on healing It then explores within the larger context of the Ancient Near Eastern religions the roles of medicine magic and the physician priest together with their possible influences upon Israel s beliefs and practices regarding healing **Coming of Age in Medieval Egypt** Eve Krakowski,2019-03-19 Much of what we know about life in the medieval Islamic Middle East comes from texts written to impart religious ideals or to chronicle the movements of great men How did women participate in the societies these texts describe What about non Muslims whose own religious traditions descended partly from pre Islamic late antiquity Coming of Age in Medieval Egypt approaches these questions through Jewish women s adolescence in Fatimid and Ayyubid Egypt and Syria c 969 1250 Using hundreds of everyday papers preserved in the Cairo Geniza Eve Krakowski follows the lives of girls from different social classes rich and poor secluded and physically mobile as they prepared to marry and become social adults She argues that the families on

whom these girls depended were more varied fragmented and fluid than has been thought Krakowski also suggests a new approach to religious identity in premodern Islamic societies and to the history of rabbinic Judaism Through the lens of women's coming of age she demonstrates that even Jews who faithfully observed rabbinic law did not always understand the world in rabbinic terms By tracing the fault lines between rabbinic legal practice and its practitioners lives Krakowski explains how rabbinic Judaism adapted to the Islamic Middle Ages Coming of Age in Medieval Egypt offers a new way to understand how women took part in premodern Middle Eastern societies and how families and religious law worked in the medieval Islamic world

A Theology of Justice in Exodus Nathan Bills, 2021-03-03 This book traces the theme of justice throughout the

narrative of Exodus in order to explicate how yhwh's reclamation of Israel for service worship reveals a distinct theological ethic of justice grounded in yhwh's character and Israel's calling within yhwh's creational agenda. Adopting a synchronic text immanent interpretive strategy that focuses on canonical and inner biblical connections, Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus. First, Bills considers the importance of Israel's creation traditions for grounding Exodus's theology of justice. Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis, Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of yhwh's creational agenda of justice. Second, Bills identifies an educational agenda woven throughout the text. The narrative gives heightened attention to the way yhwh catechizes Israel in what it means to be the particular beneficiary and creational emissary of yhwh's justice. These interpretative lenses of creation theology and pedagogy help to explain why Israel's salvation and shaping embody a programmatic applicability of yhwh's justice for the wider world. This volume will be of substantial interest to divinity students and religious professionals interested in the themes of Exodus, exile, and return.
